The 2023 VW Atlas

Bigger just got better

The **2023 Atlas** is ready for adventures with family and more. It mixes comfort and performance to create a better ride for you and your passengers. With best-in-class third-row legroom,* it's easy for all your eager adventurers to stay comfortable in their **7 spacious seats**. Whether it's your turn to pick up from practice, or your first camping trip with the family, the Atlas and its **2,741L of flexible cargo space** has more than enough room to fit all the essentials.

For the adventures that call for even more storage space, there's no need to leave anything behind. The Atlas has an available **3.6L engine** that allows you to tow up to **5,000 lbs** of anything from trailers, to boats, to campers. On or off the beaten path, standard **4MOTION® All-Wheel Drive** can make short work of almost any road, and a full suite of advanced safety and driver assistance features** including Lane Assist and Side Assist will help keep you on course. Once you arrive, the **Area View 360°** camera provides a bird's eye view of your Atlas, making any spot the perfect spot. Any way you look at it, the Atlas is more than ready for anything that comes its way.

Whether you're displaying navigation, travel times or fuel economy, all your needed information is always easily accessible.

The display isn't the only thing customizable in the Atlas. The **R-Line Black Package** is the perfect upgrade for those wanting a sportier look. With features such as 20" Trenton black alloy wheels and Brushed stainless steel pedals, the R-Line is as bold as those who drive it.
