

VOLVO V90 CROSS COUNTRY

YOUR OWN V90 CROSS COUNTRY IS WITHIN REACH

We created the new Volvo V90 Cross Country for a world that demands versatility, without compromising elegance and sophistication. From the exterior's clean, taut lines to the spacious, light-filled cabin, this is an estate car that combines powerful good looks with everyday practicality.

The V90 Cross Country is packed with innovative technology that has one purpose: to make your life easier, and one principle: it must be easy to use. A big touch screen means we have been able to reduce the number of buttons to a minimum, as it is in portrait format reading scrolling maps is much easier. Runoff road Mitigation is world-first innovation that helps to steer you back on track if the car starts to veer off the road accidentally. This is our human-centric approach to technology – it works for you.

V90 CROSS COUNTRY MOMENTUM

The Momentum variant offers a range of smart features like full-LED headlights with Active High Beam, an electric driver's seat with memory and electric lumbar support, a fully-digital 12.3-inch instrument cluster, our portrait-oriented Sensus Connect touch screen interface, rear parking sensors and satellite navigation. Bluetooth®, USB, aux and Internet functionality are fitted as standard as well.

Variants: Diesel Petrol

D4 Geartronic AWD

T5 Geartronic AWD

T6 Geartronic AWD

V90 CROSS COUNTRY INSCRIPTION

The Inscription version is the ultimate upgrade. Offering higher specification than the Momentum variant, the V90 Cross Country Inscription includes an electric passenger seat with memory, electrically-adjustable seat cushions, fine Nappa leather and illuminated door sills. More poised and stately, the Inscription model is the personification of style and comfort.

Variants: Diesel Petrol

D4 Geartronic AWD

T5 Geartronic AWD

T6 Geartronic AWD

THE RIGHT EQUIPMENT. It is essential that your Volvo comes equipped with everything you need. Below you will find standard equipment for each model variant, plus optional equipment to personalise your Volvo V90 Cross Country. And as you would expect, there is an array of industry-leading, cutting edge safety innovations.

STANDARD EQUIPMENT - SAFETY AND SECURITY	Momentum	Inscription
City Safety (includes pedestrian, cyclist and large animal detection and front collision warning with full auto brake)	•	•
Road edge detection	•	•
Run-off road protection	•	•
(ACC) Adaptive Cruise Control	•	•

- (i) Only in combination with perforated and ventilated upholstery.

With our new semi-autonomous driving technology Pilot Assist, your Volvo helps make every journey easier and more relaxing. It actively supports you by automatically adjusting the steering to keep the car centred in the lane while keeping your set speed and distance to the vehicle in front of you. Pilot Assist steering support is active from standstill up to 130 km/h, no leading vehicle required.

City Safety can alert you if you're about to collide with the vehicle in front and applies the brakes if necessary. The system is active at all speeds and can help avoid collisions at speed differences up to 60 km/h in relation to the vehicle in front of you. At higher speed differences, City Safety can help mitigate a collision. City Safety also brakes if you should turn into the path of an oncoming car in an intersection, again helping you to avoid or mitigate a collision.

City Safety also watches out for pedestrians and cyclists, even at night. This is particularly important as pedestrians and cyclists are much harder to see than cars in poor light conditions. If there's a pedestrian or bike into your path, City Safety brakes to avoid or mitigate a collision. As a world-first, City Safety also detects large animals such as elk, horses and reindeer.

A part of IntelliSafe Surround, our BLIS™ system now with steer assist, uses radar sensor technology to alert you to vehicles in your blind spot on both sides of your car and to vehicles approaching fast from behind. Cross Traffic Alert watches out for crossing traffic when you're reversing out of tight parking spaces. Alerting you for approaching vehicles as well as for pedestrians and cyclists, this technology is especially helpful in narrow and crowded areas where the side view might be limited.

"Sensus is our way of enabling you to communicate instinctively with your car, and keep you connected with your digital world."

YOU'RE IN CONTROL, NATURALLY.

SENSUS

Nothing rounds off a drive in your car better than luxuriating in the rich sound of your favourite piece of music. And our two sound systems – Premium Sound by Bowers and Wilkins and High Performance Sound – turn any drive into a momentous experience.

Thanks to Sensus Connect, which is standard, you can stream your favourite tunes from your device to your car via Bluetooth®. You can also use Bluetooth® or WiFi tethering to connect your Volvo V90 Cross Country to the Internet via your device. You can then browse the web and access a variety of internet radio and media apps.

With Sensus Navigation, you can view your route on the centre display with touch screen functionality. And with smartphone integration, you can use the centre display to access your iPhone® or Android phone. And if you would like to connect devices physically, USB-ports are provided as well.

"Relax and let your Volvo do the hard work for you."

"Our Drive-E powertrains give you an exhilarating driving experience with smooth, instant response and a reduced environmental impact."

COMMITTED TO SAFETY.

SUSTAINABLE DRIVING IS EXCITING.

INTELLISAFE

Since the birth of Volvo Cars in 1927, keeping you safe has been part of our DNA. We have pioneered safety advances and invented lifesaving technologies, such as the three-point safety belt. We have also equipped all of our cars with safety cages and laminated windscreens since 1944. In 1976, we developed the catalytic converter and the lambda sond, a sensor that monitors exhaust gas, reducing emissions and boosting performance as well as economy.

Today, we are building cars that actively scan the area around you, looking out for the unexpected. Volvo pioneered City Safety, a low-speed collision avoidance technology that helps prevent collisions at speeds up to 60 km/h. We were the world's first car manufacturer to include this feature as standard equipment in all new models.

We also developed Pedestrian Detection, a system that detects pedestrians and brakes the car when necessary, and we will not stop there.

Tracker Connect provides access to roadside assistance and emergency support at the touch of a button. In the future, our aim is to design cars that will prevent collisions with other road users altogether.

DRIVE-E

At the heart of every Volvo car we make is our approach to sustainable driving and innovative thinking. We offer a range of technologies that give you greater efficiency and lower running costs.

Our Drive-E powertrains combine the low-fuel consumption and emissions of a four-cylinder engine with the performance of a six or eight cylinder engine. The result is a smooth, powerful drive, with fewer stops at the pumps. We also offer an Interior Air Quality System that checks incoming air for pollutants and

closes the vents when necessary – we call this CleanZone. An active carbon filter helps protect you from harmful gases and unpleasant odors, so you can breathe happy and healthy.

At Volvo Cars, we always strive to make our manufacturing process sustainable. All of the electricity for our factory in Sweden and Belgium comes from clean, hydro-electric or wind power. Environmentally-aware mobility is central to our philosophy of intelligent, thoughtful luxury.

Volvo Cars has introduced three new safety features with the release of the Model year 2018 specification on the V90 Cross Country range aimed at keeping the driver out of trouble.

The new safety features are designed to provide the driver with automatic steering assistance or support – when required – to help avoid potential collisions.

 City Safety has been updated to include steering support, which engages when automatic braking alone would not help avoid a potential collision. In such circumstances, the car will provide steering assistance to avoid the obstacle ahead. City Safety helps to avoid collisions with vehicles, pedestrians and large animals. Steering support is active between 50-100 km/h.

- Volvo Cars has also added a system called Oncoming Lane Mitigation, which helps drivers to avoid collisions with vehicles in an oncoming lane.
- The system works by alerting a driver who has unwittingly wandered out of a driving lane by providing automatic steering assistance, guiding them back into their own lane and out of the path of any oncoming vehicle. This system is active between 60-140 km/h.
- 3. Volvo Cars' optional Blind Spot Information System, which alerts drivers to the presence of vehicles in their blind spot, has also received an update to include steer assist functionality that helps to avoid potential collisions with vehicles in a blind spot by steering the car back into its own lane and away from danger.

COLOUR YOUR VOLVO. When it comes to the appearance of your Volvo, the choice of exterior colour and wheels are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit **www.volvocars.com/za** and go to Car Configurator.

Please note:

It is not possible to reproduce exact original shades in printed matter. Please ask your dealer to show you samples.

CLEAN COLOURS

To reduce usage of environmentally hazardous solvents all Volvo exterior colours are water-based. What is more, our painting facilities are among the cleanest in the world.

EXTERIOR DESIGN. V90 Cross Country Alloy wheels.

Bore x stroke, mm		82 x 93.2	82 x 93.2	82 x 93.2	82 x 93.2
Max. output ECE,	kW rpm	140 4250	187 5500	173 4000	235 5700
Max. torque ECE,	Nm rpm	400 1750-2500	350 1500-4800	480 1750-2250	400 2200-5400
Octane rating		50ppm Diesel	95 RON unleaded	50ppm Diesel	95 RON unleaded
Fuel system		Twin Turbochargers	HP Turbocharger	Twin Turbochargers	Super & Turbocharged
Compression ratio		15,8:1	10,8:1	15,8:1	10,3:1

PERFORMANCE	V90 Cross Country D4 Geartronic AWD	V90 Cross Country T5 Geartronic AWD	V90 Cross Country D5 Geartronic AWD	V90 Cross Country T6 Geartronic AWD
Top speed, km/h	210	230	230	230
Acceleration 0-100 km/h, sec	8.8	7.4	7.5	6.3

FUEL CONSUMPTION*	V90 Cross Country D4 Geartronic AWD	V90 Cross Country T5 Geartronic AWD	V90 Cross Country D5 Geartronic AWD	V90 Cross Country T6 Geartronic AWD
Combined, ℓ /100 km*	5.2	7.4	5.3	7.7
CO ₂ , g/km*	138	169	139	176
Fuel tank capacity, litres	60	60	60	60

The results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally, driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.

- * All fuel consumption figures and CO₂ emissions are based on the New European Driving Cycle (NEDC) test procedure. This test procedure is designed to assess the emission levels of car engines and fuel economy in passenger cars.
- * The results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally, driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.
- * The weight of the vehicle will influence the level of CO2 emitted. As a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO2.

Volvo Car South Africa.

Volvo Brand Experience.

DISCOVER THE ROOTS OF VOLVO CARS AND A WORLD OF SWEDISH ENJOYMENT.

Welcome to the Volvo Brand Experience, a unique way to experience more of your new Volvo. For R50,000.00 per couple, you will be able to enjoy:

- Two round-trip tickets.
- Two-night stay in Gothenburg, Sweden the home of Volvo.
- · An exciting tour to the Volvo factory and Volvo Museum.
- A special VIP experience at the exclusive Volvo Factory Delivery Centre.

This immersive experience will give you first-hand knowledge of what makes your new Volvo different.

T&C's apply, subject to availability.

"Cars are driven by people. The guiding principle behind everything we make, therefore is — and must remain — safety" Gustaf Larson and Assar Gabrielsson, Volvo's founders. These days we are driven by other things too, including innovative technology, beautiful design, environmental care and quality. All to ensure we continue to build great cars.

RED CARPET TREATMENT FROM START TO FINISH.

The programme includes two return tickets to Sweden from South Africa as well as luxury accommodation and dining for two days in the heart of Volvo's hometown, Gothenburg.

Once landed, a luxury Volvo transfer will pick you up and take you through to Gothenburg, where a new take on the world of Volvo and our Swedish heritage awaits. You'll visit our Torslanda factory and see exactly how your Volvo is made, with a special behind-the-scenes tour and an English-speaking guide.

The Volvo Museum is also in the programme, where our rich lineage of cars is on display – including our concept cars, experimental technologies and our most famous production models.

You'll also enjoy a vehicle handover which matches your purchase. You'll be shown the ins and outs of your new car by a Volvo Brand Experience professional who will immerse you in your new world of Swedish luxury.

Of course, fine dining at a Michelin-starred restaurant will complete the experience, and you'll get a taste for traditional Swedish food like our traditional meatballs or *kotthullar*

Volvo Car Road Side Assistance

On 1 January 2014, Tracker Connect became Volvo's new roadside assistance partner.

Services include:

- · Medical emergency assistance
- Fuel assistance
