

VOLVO V40

volvocars.com.au

V40

The All-New Volvo V40 doesn't follow the crowd. Instead, it's designed around the lives you live. It's a car that's less expected, more fun and more individual. Perhaps a bit more you?

You'll spend a lot of time here. So why not surround yourself with top class materials, distinctive Scandinavian design and a sporty cockpit feeling? Get inside the Volvo V40, your place to be, and enjoy uncomplicated style and functionality. Take a look and see for yourself.

Experience the innovative features in films and create the V40 that's really you.
Get your Volvo V40 app for iPhone or iPad on the App Store.

Scandinavian Design

A five-door hatchback can look like any ordinary five-door hatchback. Unless it's a Volvo V40. It's different with a reason; to be all yours. And who wants to be ordinary?

Explore the design of your All-New Volvo V40. Then imagine it on a street near you.

Scandinavian Design

What will you feel the moment you enter this perfectly crafted interior? Is it excitement of the uncompromised Scandinavian design and the touch and feel of the high-class materials? Maybe it's amazed wonder of the clever details for your convenience and comfort, or how smoothly the interior adapts to the mood you're in. Some things you'll notice immediately, others you'll fully appreciate after spending hours in your V40. But don't be surprised if you get a relaxed feeling, perhaps like coming home. Once here, you'll love the idea of coming back.

Clean interior

Wellbeing starts on the inside. All upholstery and interior textiles are allergy-tested and the Interior Air Quality System keeps harmful airborne substances outside your cabin. Good for you and for anyone who shares the ride.

Ergonomic seat design

Have some quality time inside your Volvo V40. Wherever you're seated you'll experience iconic Volvo comfort. Your body is relaxed, your senses are focused and you'll arrive at your destination with a smile on your face.

Panoramic glass roof

Want more energy? The panoramic glass roof gives you a vitalising dose of light therapy every time you're inside your car. It also adds a luxurious touch to any journey, wherever you're seated. Prepare to get energised with the speed of light.

Interior theatre light

Why settle for just one standard interior light setting? In the Volvo V40, the interior theatre light instantly adjusts to your wishes with seven individual colour settings. So be it on your daily commute or dining out on the town, just pick the interior mood that's you.

Illuminated gear knob

Want some extra drama inside your Volvo V40? The illuminated gear knob looks fantastic and is strongly addictive. Just like your V40.

Dynamic Driving

Nothing challenges us like the task of creating the perfect driving experience. And no resources have been spared to achieve our most dynamic and personal car ever. Want control? Take your position in the lavish driver's seat, select your settings and go for it. This is having fun on your terms.

Steering wheel forces

You're probably not in the same driving mood all the time. That's why you can select the steering character that suits you best. Select Low, Medium or High power assistance. The All-New Volvo V40 means driving on your terms, without compromises.

Turbo engine

How much power do you want? Each engine for your V40, from the hyper-efficient D2 turbo diesel to the breathtaking T5 – features advanced turbo technology to maximise your driving experience without compromising on fuel efficiency. Volvo's smart Start/Stop technology saves even more fuel on your commute. You'll simply get more out of less. Which engine is for you?

Torque Vectoring

Want some fun? Torque Vectoring ensures traction is always on your side. It gives you faster acceleration out of corners and a dynamic driving experience. This will also have a profound effect on the direction of your mouth corners.

Chassis

We tuned the chassis to act as one with you. Instant steering response, excellent comfort and superior stability at all speeds are all yours for the taking. And the tighter the curves, the more you'll enjoy the nimble handling of the Volvo V40. Do you want even more fun? Try the lowered sports chassis. With firmer shock absorbers and springs it will further improve your handling, traction and road control.

Does control make you feel good? We created the Drivers Support features to inform and assist you in all traffic situations. Advanced radar and camera technology helps you keep an eye on vehicles in front and behind, road signs and pedestrians. It helps you keep a safe distance at all speeds and even brakes automatically if necessary. It can also alert you if you're tired or weave out of your lane.

Surrounded by all this supportive intelligence you can enjoy a more relaxed driving experience and be more in touch with your senses and the world around you.

THE DRIVER SUPPORT FEATURES INCLUDE:

Adaptive Cruise Control (ACC)

Queue Assist

Enjoy smooth cruising at any speed. ACC automatically maintains your set speed and distance to the vehicle ahead of you, whether you're driving on the highway or in slow-moving stop-and-go traffic.

*The stop and go function from 0 to 30 km/h requires an automatic gearbox.

Collision Warning with Full Auto Brake

Stay out of trouble. Collision Warning warns you if you approach a vehicle so fast that there is risk of a collision. If you don't react to the warning and a collision is imminent, full auto-braking is applied to help you avoid or mitigate a collision.

Pedestrian Detection with Full Auto Brake

Using radar and camera technology, your Volvo can detect pedestrians in front of your car. It can alert you if a pedestrian unexpectedly steps out and, if you don't react to the warning, brake automatically to help keep the pedestrian out of harm's way.

Driver Alert Control (DAC)

Stay alert and in control. The Driver Alert Control monitors your driving behaviour and alerts you if your behaviour shows signs of drowsiness or distraction and politely suggests a break.

Lane Keeping Aid (LKA)

Keep your position. If you begin to drift on the road, Lane Keeping Aid helps you stay in your lane by applying a gentle steering torque. And should you unintentionally cross the lane markings, you will be alerted by generated vibrations in the steering wheel.

Active High Beam (AHB)

Enjoy relaxed vision even when it's dark. With Active High Beam, your Volvo will recognise vehicles in front of you and automatically adapt your beam to give you maximum vision without dazzling other drivers.

Road Sign Information (RSI)

Ensure you're constantly updated. The Road Sign Information displays important road signs in the driver information module to help keep you informed about current limitations.

Blind Spot Information System (BLIS)

Reveal the blind spot. Using radar sensors in the rear bumper, BLIS helps you keep a lookout behind and on the sides of your car. If a vehicle enters your blind spot or approaches fast from behind, BLIS will alert you.

Lane Change Merge Aid (LCMA)

Watch your back. LCMA constantly scans the road 70 meters behind your V40 and alerts you of rapidly approaching vehicles.

Cross Traffic Alert (CTA)

Get eyes in the back. When you, for example, reverse out of a parking space with limited visibility, Cross Traffic Alert can alert you to oncoming traffic from the sides.

Less worries and more control. That's the idea behind the advanced safety technologies of your Volvo V40. It's all about expanding your senses and margins, and to help protect you, your passengers and even people outside your car in the event of a collision. This is legendary strength by Volvo. Never before has total control and peace of mind been so easy to achieve.

Pedestrian airbag technology

Hopefully you'll never experience this Volvo safety world first in action. But should there ever be a frontal collision between your V40 and an unprotected road user, the pedestrian airbag will help reduce the severity of pedestrian injury. This innovation is an important step to reduce the consequences of frontal collisions between cars and pedestrians.

Park Assist Pilot

Honestly, who likes to park? Park Assist Pilot makes parallel parking less of a hassle and can park your V40 by operating the steering automatically. You just control the speed and direction of the car while the technology takes care of the rest. It's like magic and dare we say, quite entertaining.

City Safety

Always expect the unexpected. City Safety detects if you're about to run into a vehicle and brakes automatically to avoid a collision. In slow moving city traffic City Safety is very smart for you, your passengers, your insurance company and anyone in the car in front of you. City Safety is active up to 50 km/h.

Lighting

Want to feel at ease in the dark? The front and rear lights both look great and optimise your vision in all conditions. For an even more relaxed driving experience, try the Active High Beam. When you approach another vehicle on the road, your beam automatically adapts to give you maximum vision without dazzling other drivers.

Usually cars in this class offer just one set-up for driver information. But we believe you deserve more. With the digital instrument cluster you can easily adapt the instrument interface to your driving desires. You have three display themes to switch between – Elegance, Eco and Performance. Which mode are you in today?

Elegance

This is your sophisticated and stylish display theme, with the speedometer in the centre dial and highlighted needle for easy reading. A gearshift indicator helps you drive in the most energy-efficient way with the manual transmission.

Eco

Switch to Eco, and green is what you get. The instrument layout is similar to the Elegance theme, but in addition to the fuel-saving gearshift indicator, you also get an Eco guide. Guiding you by showing real time fuel consumption and average consumption from the last minutes, the Eco guide supports you to drive in the most fuel-efficient way.

Performance

Are you in the mood for active driving? Go for the Performance theme and enjoy an uncompromised sporty look with the centre dial rev counter and a digital speedometer that enhances your feeling of being in command. Not to mention the power meter that displays how much engine power you use and have at your disposal before overtaking.

Sensus Media Centre

The smartest technology is the one you operate intuitively. That's why you don't find countless complicated buttons inside your Volvo V40. Instead, the easy-to-use driver control interface Sensus Media Centre puts you in control of the advanced functions of your V40. While keeping your hands on the steering wheel, you conveniently operate the multimedia systems and select your personal car settings. All the information you need is clearly displayed in the Sensus colour screen. Very intuitive and very Volvo.

Connectivity technology

How about connecting your V40 with your smart-phone? Bluetooth technology instantly connects your mobile phone with the hands-free system in your Volvo. It also allows streaming of music from your phone to the car's audio system.

Audio and Multimedia technology

This is for the music lover inside you. Whatever music is on your playlist, Volvo's innovative audio technology will do it full justice. Especially if you choose the 5x130 W Premium Sound Multi Media, our top of the line sound system, specially designed for the interior acoustics of your Volvo V40. You and your passengers can enjoy a supremely faithful, colourful and powerful sound in all seats. In the integrated multimedia screen you can watch TV or a movie while having a full cinematic surround sound experience. Music to your ears? You bet.

Navigation

You'll easily find your way in the Volvo V40. Just speak your command to the Volvo Navigation System and you'll be smoothly guided all the way to your destination. This intuitive system is elegantly integrated with your car and is easily operated without you having to lose attention on the traffic. And should there be traffic obstacles ahead, you'll be helped finding alternative routes.

Drive smartly and enjoy life in your All-New Volvo V40. We designed it to use fuel as efficiently as possible.

Eco Driving

How about getting much more out of less? The 84 kW D2 turbo diesel is frugal with everything except performance and comfort. You'll experience the punchy 270 Nm of torque and enjoy a flexible and refined engine character. Finally, eco driving no longer means compromising the fun of driving.

Aerodynamic design

Great looks and excellent aerodynamic properties combine in one attractive package: your All-New Volvo V40. Its low roofline and a sculpted rear section optimise the airflow around the car. Together with the smooth under body panels, this translates into lower CO₂ emissions and improved driving dynamics at higher speeds.

Start/Stop technology

Why have the engine emitting CO₂ at traffic lights? Your V40 is smarter than that. Instead of idling at standstill the engine shuts off automatically and you can enjoy the appreciating looks from pedestrians passing by. And when you need power again, the engine restarts and you're on the go. Volvo's Start/Stop technology reduces your fuel consumption by up to 8% in city traffic and comes with all engine and transmission variants of your Volvo V40.

Engine brake energy regeneration

Take advantage of energy. Every time you engine brake your V40, the kinetic energy that otherwise would be wasted is fed back to the battery. Your fuel consumption is reduced by an extra 2–3%; a little contribution to fuel economy and lower CO₂ emissions.

Electrical power assisted steering (EPAS)

Have fun and save fuel. Volvo's electrical power assisted steering with adaptable steering wheel forces consumes less energy while responding to your commands precisely and intuitively.

The promise of fast approaching curves.
This is the All-New Volvo V40 R-DESIGN.
Inspired by the sportier you.

R DESIGN

R-DESIGN exterior details

Are you ready for R-DESIGN? Celebrating sports and style in its own way, the Volvo V40 R-DESIGN is not for everybody. From the unique front with LED spoiler lights to the silk metal finish design details, the rear diffuser, the dual end pipes and the 18-inch wheels. Everything about R-DESIGN has one simple message: "Drive me". And inspired by classic racing, Rebel Blue is a solid exterior colour that's passionately sporty without asking for permission.

R DESIGN

V O L V O

V40

V40

R DESIGN

R-DESIGN interior

Looking for passion? Inside the Volvo V40 R-DESIGN, you're surrounded by racing inspired styling details in perforated leather and aluminium. The R-DESIGN seat featuring high-friction nubuck textile and perforated leather keeps you firmly in place. In front of you, there's the intuitive R-DESIGN blue digital driver information display. And above you, the black inner roof creates an intimate sporty ambience that puts you in the centre of the action.

R-DESIGN seats

Inspired by racing seats, the R-DESIGN seats feature seating surfaces in high-friction durable nubuck textile. Together with the seat's side support, this keeps you firmly in place even during high lateral g-forces that come with inspired driving. Alternatively, the seating surfaces are in genuine nappa leather with a natural feel that is soft to touch and which adds a luxurious sense to the interior. Contrasting stitching enhances the sculpted seat design. And for the uncompromised sporty touch, sections of the seats are upholstered in perforated leather that also are echoed in the handbrake lever, gearshift gaiter and front centre armrest.

Accessories

Your Volvo V40 easily helps you deal with the practical side of life. The smart two-level load floor gives you a flat load floor, a grocery bag holder and extra storage capacity. Combined with the load organiser mat including aluminium load dividers, you'll keep everything well organised under the floor. And to help you keep other small items easily accessible under the parcel shelf, we have created a special compartment net.

Parcel shelf net

Mounted under the parcel shelf, this compartment net for loose items helps you maintain order in the load compartment while keeping them easily accessible when you need it.

Load organiser mat

This gives you both a durable load mat and a smart organiser. Three moveable aluminium dividers allow you to create storage areas exactly as you want them. This organiser perfectly complements the two-level load compartment floor as you can keep your stuff well organised under the floor. It's also available for cars with the standard load compartment floor.

Load carriers

To help you fully utilise the roof of your Volvo, we've developed a range of versatile load-carrying accessories. This system is designed to carry up to 75kg. Various load accessories such as roof boxes and different holders for bikes, skis, snowboards and kayaks can be attached to the load carriers to meet your needs.

Steel grille

This colour-coordinated steel protective grille helps protect the occupants from unsecured cargo during hard braking. It also creates a safe place for a dog travelling in the load compartment.

Accessories

The design of your All-New V40 is all dynamic, with curvy muscular lines and a distinct road hugging appearance. And to further improve your relationship with natural forces such as the wind, we recommend this Exterior Styling Kit. It includes side deflectors, rear deflectors and a rear diffuser with double end pipes. Together with the roof spoiler and aerodynamic wheels, it allows the air to slip off the body more easily. But perhaps even more importantly, this will make your V40 even harder to resist.

Roof spoiler

A unique spoiler with aircraft inspired fins and winglets that enhances the sporty and aerodynamic stance of your V40. With integrated brake light and painted in the same colour as your car.

Ailos 18-inch aluminium wheels, Aerodynamic Disc Concept

Truly innovative wheel design and unique aerodynamics make the all-new 18-inch Ailos a design statement beyond the ordinary. The spokes are fitted with aero discs in grey to lower the drag and match all body colours and the matt grey styling kit. The wheels are available with printed graphics in three colour variants, red, white and lime, to perfectly match the striping of the side deflectors.

Exterior Styling Kit

Comprising a rear diffuser with double end pipes and rear deflectors, the Exterior Styling kit enhances the aerodynamic and dynamic looks of your V40. The upper part of the diffuser is either painted in the same colour as your car or contrasting matt grey. The lower part is always in Charcoal. The oval end pipes in chromed stainless steel add an exclusive sporty feel to your V40. The deflectors are available in two variants, painted in the colour of your car or as contrasting matt grey. Further enhancing your personal style, a kit of complementary red, white or lime stripes is included.

Your Volvo V40 starts here.

The engine you choose will define a major part of the experience ahead. Some engines favour high performance, while others favour high mileage, but all of these petrol and diesel engines deliver instant power and smooth running while state-of-the-art technology makes the most of every micro-drop of fuel. Which engine is going to start you up? Find out more about the engines at volvocars.com.au

T4

Auto: **132 kW** | **300 Nm** | **Euro 5**

With the turbocharged 132 kW sporty T4, you get more from less. The direct fuel-injection technology reduces CO₂ emissions and fuel consumption, while the turbocharger provides the 2.0 litre engine with the power and torque to deal with any driving situation.

T5

Auto: **187 kW** | **360 Nm** | **Euro 5**

Looking for a truly sporty driving experience? Go for the high-performance 187 kW five-cylinder T5. This smooth source of energy delivers an exceptionally quick and powerful response throughout the entire rev range. Start/Stop technology and engine brake energy regeneration contribute to excellent fuel economy and reduced CO₂ emissions. The T5 comes with a six-speed Geartronic automatic with sports mode.

D2

Man: **84 kW** | **270 Nm** | **Euro 5**

Take advantage of the benefits of supreme fuel economy and ultra-low CO₂ emissions without any trade-offs in comfort, safety or performance. This all-aluminium four-cylinder 1.6 litre D2 turbo diesel features Start/Stop technology and engine brake energy regeneration. Advanced diesel engine technology provides high torque across the rev range to assure a rewarding driving experience in all conditions. The D2 comes with a manual six-speed gearbox.

D4

Man: **130 kW** | **400 Nm** | **Euro 5**

Auto: **130 kW** | **400 Nm** | **Euro 5**

This inspiring five-cylinder 2.0 litre turbo diesel takes performance, fuel efficiency and refinement to new levels. State-of-the-art engine technology and low interior friction add to responsive, sporty engine characteristics and low CO₂ emissions. Start/Stop and engine brake energy regeneration technology further optimise fuel efficiency in all conditions. Available in both manual and automatic transmissions. Choose between a six-speed manual gearbox and a six-speed Geartronic automatic.

Leather

This fine embossed leather creates an unrivalled feeling of natural quality that attracts the senses immensely. With its unique look and meticulous craftsmanship into the smallest seam, these leather-faced sculpted seats have a refined touch and feel that's a joy to live with for many years to come. Like all Volvo leather, this is allergy tested and chrome-free for your ultimate wellbeing.

Linné T-Tec/textile

This sporty upholstery really enhances the sculpted character of the seats in your V40. The seat surfaces are divided in sections of stylish textile and contemporary T-Tec – a synthetic skin inspired by wet suits and durable outdoor gear. Contrasting seams (in the Charcoal variants) and leather detailing further enhances the impression of dynamic elegance.

Care by Volvo Car Australia*.

Make the most of your Volvo experience.

It's built into your Volvo – the care for you and your loved ones. And it's also there for you during all the time you own it. Care by Volvo Car Australia is a family of services to help you make the most of your Volvo experience. These services reflect a set of values shared by the entire Volvo organisation, values that make your satisfaction and safety a top priority. Whatever your needs during your Volvo ownership, there is a smooth and considerate solution.

Volvo Car Insurance

As with our cars, we want to ensure our Volvo Car Insurance lives up to the expectations of Volvo owners in every way. It is what you would expect from Volvo.

Benefits include:

- New car replacement*
- Genuine Volvo Parts*
- Choice of Repairer
- Maximum No Claim Bonus protected
- Rental car following theft
- Attached Trailer and Caravan Cover
- Cover for authorised Volvo loaned service vehicles

Options available:

- Removal of excess for windscreen claims;
- Rental or loan car following an accident;
- Agreed Value;

*Subject to availability

This is a summary of the benefits available under Volvo Car Insurance. We do not advise you whether the insurance is appropriate for your personal objectives, financial situation or needs. To decide if it is appropriate for you, ask for a copy of the Policy Document and Product Disclosure Statement listing the full benefits and limits to cover. Please see your Volvo Dealer for a quotation.

This insurance is issued by Allianz Australia Insurance Limited AFS Licence No. 234708, ABN 15 000 122 850 (Allianz). In arranging this insurance Marsh Pty Ltd, AFS Licence No. 238983, ABN 86 004 651 512 and authorised dealers act as agents of Allianz and not as your agent.

Volvo Car Financial Services

Choosing the right vehicle and finding the right financial package has been made easier with Volvo Car Financial services. As you would expect, we have a flexible range of financial products, tailored to make your life easier.

Whether you're a private purchaser or you're choosing a Volvo for business, we have a wide range of flexible finance and lease products. After all, the right car needs the right financial package to complement your lifestyle.

Please contact your local Volvo dealer for more information on the individual finance products available, you can find your local dealer at: volvocars.com.au

Important Notice:

1. Volvo Car Financial Services is a registered business name of Macquarie Leasing Pty Limited ABN 38 002 674 982 (ML) who is the financier of these products. ML is not an authorised deposit-taking institution for the purposes of the Banking Act 1959 (Cth), and ML's obligations do not represent deposits or other liabilities of Macquarie Bank Limited ABN 46 008 583 542. Macquarie Bank Limited does not guarantee or otherwise provide assurance in respect of the obligations of ML.

Volvo New Car Warranty

Every new Volvo is covered by our comprehensive three-year warranty giving you peace of mind for a full three years and unlimited kilometers. Please contact your local Volvo dealer for full new car warranty terms and conditions.

Volvo Extended Warranty

Volvo Car Extended Warranty is designed for additional peace of mind. Volvo Car Australia offers an additional 12 or 24 month's extended warranty after the expiry of the original 3 year new car warranty (must be purchased within new car warranty period).

Please contact your local Volvo dealer for full Extended Warranty terms and conditions.

Volvo Roadside Assistance

Volvo Roadside Assistance is not just there to get you going again if your car breaks down. It's also there for more human mistakes like running out of fuel or locking your keys inside the car. In the unlikely event that your Volvo encounters a mechanical breakdown, you can benefit as a Volvo owner from our complementary Volvo Roadside Assistance Program, which gives you total peace of mind 24 hours a day, every day, Australia-wide.

The Volvo Roadside Assistance program is valid for the length of the manufacturer warranty or Extended Volvo Roadside Assistance Program.

Volvo Car Australia Service 2.0* also includes

VOLVO ASSISTANCE:

For peace of mind, every Volvo service comes with a complimentary roadside assistance package, covering you for 12 whole months.

ALTERNATIVE TRANSPORT:

It's not easy being without a car, that's why Volvo Car Australia Service 2.0 offers you alternative transport solutions while your vehicle is being serviced.

CONDITION CHECK:

We will perform a health check of your Volvo and provide you with a check list, with a focus on safety features, while we are servicing your Volvo.

VOLVO-CERTIFIED TECHNICIAN:

Using only technicians trained by Volvo, to work on Volvo cars, a Volvo Car Australia Service 2.0 service ensures your Volvo is placed in the most qualified hands.

CAR WASH:

After we've finished fine tuning your car on the inside, Volvo Car Australia Service 2.0 will fine tune it on the outside thanks to a complimentary exterior car wash.

DEALER FOLLOW-UP:

With Volvo Car Australia Service 2.0, your service doesn't end when you drive out of the centre. We'll also call you a couple of days afterwards to check things are still running smoothly.

Volvo Car Australia Service 2.0*

Free Software updates are just the beginning

In today's cars there are many computers and just like with desktop computers, their software should be updated from time to time.

So, in the interest of providing the best service possible, we've developed Volvo Car Australia Service 2.0, where your Volvo software is updated free of charge as part of a routine Volvo scheduled service. This means that your Volvo systems (which are unique to your vehicle) will always be optimised for top performance.

Free software updates are just the tip of the iceberg. Volvo Car Australia Service 2.0 ensures you'll always have your vehicle serviced by a Volvo-certified technician, using Volvo methods and Volvo Genuine parts.

You'll be offered 12 months free roadside assistance and a complimentary exterior wash. In fact, we'll even provide you access to an alternative transport solution while your vehicle is being serviced.

For more information on the many benefits of Volvo Car Australia Service 2.0, just call us on 1800 786 586, go to <http://www.volvocars.com.au> or visit your nearest Volvo dealer.

* Volvo Car Australia Service 2.0 and all its benefits as set out herein, including the offer of free software updates, may only be accessed from authorised Volvo dealers at the time of your vehicle's scheduled servicing and is available for a period of six years from the date of a vehicle's first registration.

Care by Volvo Car Australia*.

Make the most of your Volvo experience.

It's built into your Volvo – the care for you and your loved ones. And it's also there for you during all the time you own it. Care by Volvo Car Australia is a family of services to help you make the most of your Volvo experience. These services reflect a set of values shared by the entire Volvo organisation, values that make your satisfaction and safety a top priority. Whatever your needs during your Volvo ownership, there is a smooth and considerate solution.

Volvo Car Insurance

As with our cars, we want to ensure our Volvo Car Insurance lives up to the expectations of Volvo owners in every way. It is what you would expect from Volvo.

Benefits include:

- New car replacement*
- Genuine Volvo Parts*
- Choice of Repairer
- Maximum No Claim Bonus protected
- Rental car following theft
- Attached Trailer and Caravan Cover
- Cover for authorised Volvo loaned service vehicles

Options available:

- Removal of excess for windscreen claims;
- Rental or loan car following an accident;
- Agreed Value;

*Subject to availability

This is a summary of the benefits available under Volvo Car Insurance. We do not advise you whether the insurance is appropriate for your personal objectives, financial situation or needs. To decide if it is appropriate for you, ask for a copy of the Policy Document and Product Disclosure Statement listing the full benefits and limits to cover. Please see your Volvo Dealer for a quotation.

This insurance is issued by Allianz Australia Insurance Limited AFS Licence No. 234708, ABN 15 000 122 850 (Allianz). In arranging this insurance Marsh Pty Ltd, AFS Licence No. 238983, ABN 86 004 651 512 and authorised dealers act as agents of Allianz and not as your agent.

Volvo Car Financial Services

Choosing the right vehicle and finding the right financial package has been made easier with Volvo Car Financial services. As you would expect, we have a flexible range of financial products, tailored to make your life easier.

Whether you're a private purchaser or you're choosing a Volvo for business, we have a wide range of flexible finance and lease products. After all, the right car needs the right financial package to complement your lifestyle.

Please contact your local Volvo dealer for more information on the individual finance products available, you can find your local dealer at: volvocars.com.au

Important Notice:

1. Volvo Car Financial Services is a registered business name of Macquarie Leasing Pty Limited ABN 38 002 674 982 (ML) who is the financier of these products. ML is not an authorised deposit-taking institution for the purposes of the Banking Act 1959 (Cth), and ML's obligations do not represent deposits or other liabilities of Macquarie Bank Limited ABN 46 008 583 542. Macquarie Bank Limited does not guarantee or otherwise provide assurance in respect of the obligations of ML.

Volvo New Car Warranty

Every new Volvo is covered by our comprehensive three-year warranty giving you peace of mind for a full three years and unlimited kilometers. Please contact your local Volvo dealer for full new car warranty terms and conditions.

Volvo Extended Warranty

Volvo Car Extended Warranty is designed for additional peace of mind. Volvo Car Australia offers an additional 12 or 24 month's extended warranty after the expiry of the original 3 year new car warranty (must be purchased within new car warranty period).

Please contact your local Volvo dealer for full Extended Warranty terms and conditions.

Volvo Roadside Assistance

Volvo Roadside Assistance is not just there to get you going again if your car breaks down. It's also there for more human mistakes like running out of fuel or locking your keys inside the car. In the unlikely event that your Volvo encounters a mechanical breakdown, you can benefit as a Volvo owner from our complementary Volvo Roadside Assistance Program, which gives you total peace of mind 24 hours a day, every day, Australia-wide.

The Volvo Roadside Assistance program is valid for the length of the manufacturer warranty or Extended Volvo Roadside Assistance Program.

Volvo Car Australia Service 2.0*

Free Software updates are just the beginning

In today's cars there are many computers and just like with desktop computers, their software should be updated from time to time.

So, in the interest of providing the best service possible, we've developed Volvo Car Australia Service 2.0, where your Volvo software is updated free of charge as part of a routine Volvo scheduled service. This means that your Volvo systems (which are unique to your vehicle) will always be optimised for top performance.

Free software updates are just the tip of the iceberg. Volvo Car Australia Service 2.0 ensures you'll always have your vehicle serviced by a Volvo-certified technician, using Volvo methods and Volvo Genuine parts.

You'll be offered 12 months free roadside assistance and a complimentary exterior wash. In fact, we'll even provide you access to an alternative transport solution while your vehicle is being serviced.

For more information on the many benefits of Volvo Car Australia Service 2.0, just call us on 1800 786 586, go to <http://www.volvocars.com.au> or visit your nearest Volvo dealer.

* Volvo Car Australia Service 2.0 and all its benefits as set out herein, including the offer of free software updates, may only be accessed from authorised Volvo dealers at the time of your vehicle's scheduled servicing and is available for a period of six years from the date of a vehicle's first registration.

Volvo Car Australia Service 2.0*

also includes

VOLVO ASSISTANCE:

For peace of mind, every Volvo service comes with a complimentary roadside assistance package, covering you for 12 whole months.

ALTERNATIVE TRANSPORT:

It's not easy being without a car, that's why Volvo Car Australia Service 2.0 offers you alternative transport solutions while your vehicle is being serviced.

CONDITION CHECK:

We will perform a health check of your Volvo and provide you with a check list, with a focus on safety features, while we are servicing your Volvo.

VOLVO-CERTIFIED TECHNICIAN:

Using only technicians trained by Volvo, to work on Volvo cars, a Volvo Car Australia Service 2.0 service ensures your Volvo is placed in the most qualified hands.

CAR WASH:

After we've finished fine tuning your car on the inside, Volvo Car Australia Service 2.0 will fine tune it on the outside thanks to a complimentary exterior car wash.

DEALER FOLLOW-UP:

With Volvo Car Australia Service 2.0, your service doesn't end when you drive out of the centre. We'll also call you a couple of days afterwards to check things are still running smoothly.

Colour your Volvo.

When it comes to the appearance of your Volvo, the choices of exterior colour, wheels and other styling items are probably your most important design decisions. For more exterior styling options and to build your new Volvo online, please visit volvocars.com.au
