

Thanks to the knowledge and expertise gained from more than 50 years of 4WD experience, Nissan has created an authentic, rugged vehicle that is ideal for the adventurous family. With a choice of two powerful but economical turbo-diesel engines, the Nissan Pathfinder will shift your experiences; it will shift your possibilities; it will **shift the way you move**.

PATHFINDER

The Nissan Pathfinder has all the power you need to get you anywhere you want to go. And, just as importantly, back again. The new Pathfinder Ti 550 has a 3.0 litre V6 turbo-diesel engine, offering **170kW of power** and a massive 550Nm of torque. So it's no wonder that it has a 3,500kg braked towing capacity. Even with all this power the Ti 550 is surprisingly efficient, delivering fuel economy of just 9.3 litres per 100km.*

If you choose an ST, ST-L or Ti Pathfinder, you'll be powered by a 2.5 litre 4-cylinder turbo-diesel with 140kW of power and 450Nm of torque, providing a 3,000kg braked towing capacity. This engine also offers excellent fuel economy, which means you'll be able to enjoy more adventuring between fuel stops.

PATHFINDER

PATHFINDER

3

*Figures have been calculated in accordance with ADR 81/02 (combined fuel consumption data). Actual fuel consumption will vary depending on driving conditions, driver behaviour, the condition of your vehicle and the accessories fitted.

The Nissan Pathfinder comes with an ALL MODE 4x4 system, which allows you to choose the best driving mode for any conditions at the turn of a knob: 2WD, 4WD High or 4WD Low. You can also set it to Auto, and let the system continually adjust the **amount of power** to each axle for improved traction on rough or slippery surfaces. When it senses adequate grip, the system automatically switches back to 2WD for maximum economy. Depending on what model you choose there is a transmission to suit your driving style. The ST and ST-L models come with the choice of a responsive 6-speed manual transmission or a 5-speed automatic with M-Mode, which is standard on the Ti. The Ti 550 offers a 7-speed automatic transmission with M-Mode for smooth, comfortable highway driving.

PATHFINDER

PATHEINDER

The Ti and Ti 550 models feature **Xenon headlights**, which produce a sharp white light from high intensity discharge bulbs, offering outstanding illumination at night and in poor visibility conditions. They also feature the convenience of headlight washers for easy cleaning. The new Nissan Pathfinder Ti 550 comes with a huge list of standard features to help you enjoy your journey. **Rain sensing automatic wipers**, automatic headlights, rear cargo blind, heated outside door mirrors, a smoked bonnet protector, privacy glass on rear windows, and customised Ti 550 floor mats with red stitching. There's nothing wrong with roughing it while you're out camping, but you don't have to do it while you get there.

VE

T

ATHEINDER

Inoide, the Nissan Pathinder provides a touch of luxury. All models now come standard with the convenience of a Bluetooth* handsfree phone system with steering wheel controls (functions with compable phone models) and an auxiliary MP3 piper input jack. Audio controls are also on the steering wheel, connected to an AM/FM radio and 6 CD in-data hato-changer on ST and ST-L models. An Initializent Key keyless entry system and leather timmed seats, including electricially adjustable hasted for the task with Arive stating memory come standard on ST-L. Than oft 1550 models. It you go for the top-of-the-line TI and TI 550 models, the features keep coming A new 77 colour display with **touch screen functionalit** offers Satellite Navigation with 3D mapping. DVD player, reversing camera and full iPod" (or USB storage device) connectivity via USB connection. The TI 550 offers the luxury of a Bose[®] audio system with nine speakers for the ultimate in sound quality. "Arbit a singetment date mark of Alpoints."

Ti interior.

The Nissan Pathfinder isn't just versatile in where it can take you; it's also incredibly versatile in what it can carry. The seven spacious seats can be easily folded up or down to create a variety of different seating configurations. So you can fit in lots of people, lots of cargo, or lots of both. Plus we've loaded up the Pathfinder with clever storage compartments to make it easy for you to load it up with everything you need. There's a split level glove box, large centre console, sunglasses holder, seat back and map pockets in the doors, drink holders for everyone, and even three 12v power outlets for powering everything from mobile fridges to mobile phones.

Silver Lightning Ti interior.

D

Service.

The Nissan Pathfinder is full of safety features to keep you and your passengers protected while you enjoy your adventures. Dual front and side SRS airbags are standard across the range, whilst ST-L, Ti and Ti 550 models feature the added safety of front to rear curtain SRS airbags that extend all the way back to the third row of seating. The Anti-lock Braking System (ABS), Brake Assist (BA) and Electronic Brakeforce Distribution (EBD) work together to help you retain control when braking, apply additional braking in an emergency situation and optimise control by sensing the load condition of both passengers and luggage. Vehicle Dynar

(VDC), also known as Electronic Stability Control, compares the intention of the driver with the current behaviour of the vehicle and selectively brakes individual wheels and controls engine power to keep the car on its intended path and prevent roll-over. Active Brake Limited Slip (ABLS) is designed to help you in slippery conditions. If one wheel starts spinning, most of the power of the engine will go to that wheel and the car won't go anywhere. ABLS moderates the engine power and gently applies braking pressure to the wheel that's lost traction, allowing the power to go to the other wheels to get you moving again. For further safety, the ST-L model has reversing sensors, while the Ti and Ti 550 models offer the added piece of mind of an viewed through the 7" colour display on the front dash. The Ti 550 also offers the added reassurance of larger ventilated front disc brakes.

which helps you get the most out of your Nissan. As part of myNissan, you will receive a 3 year/100,000km warranty and have access to 24-Hour Roadside Assistance for three years. No matter what journey you're planning, you'll have the peace of mind in knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge. You can also take the option to extend your warranty for up to six years. We recognise that buying a car is a significant investment and the extensive network of Nissan Dealers will help you maintain and protect it. That's why, as part of myNissan, you're entitled to 6 years or 120,000kms* of Capped rvice. This means you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer, Australia wide. What's more, Nissan technicians are factory-trained experts that utilise dedicated diagnostic equipment and genuine parts to keep your vehicle in top condition. Thereby giving you the peace of mind that your Nissan is in the safest of hands.

The myNissan **iPhone app** is the ideal companion to take on all your adventures. It lets you request roadside assistance and advise of your location using your phone's GPS, plan trips, search for locations, plus set registration, service and parking expiry reminders.

Nissan offers a variety of **Nissan Genuine Accessories** to protect, enhance and personalise your Pathfinder. A towbar will increase your load carrying options, while an alloy bullbar, weathershield and headlamp protectors will reduce the chance of damage no matter what adventure you have planned. Ask your Nissan Dealer about the entire list of Pathfinder accessories. **Nissan Financial Services** has a range of finance options at very competitive rates and terms as well as various insurance solutions to protect you and your vehicle.

Nissan has introduced **Bure Citizenship**, a new way for us to look at our business, which reflects our desire to be a model corporate citizen and play a role in aiding the sustainability of our earth and its resources. Blue Citizenship involves contributing to communities, promoting diversity, delivering mobility to more people all over the world and helping to protect the environment.
