WHATCAR?

CAR OF  
THE YEAR  
AWARDS  
2022

Small SUV  
Best for practicality  
Skoda Kamiq

# Kamiq

# Ready when you are

The challenge was set. To design Škoda's first crossover car and deliver a driving experience worthy of the arrowhead badge. To be a success it would need to feature advanced drive assistance and a new generation of infotainment. It would need to be bolder, sharper and smarter, without ever compromising on fun. In other words, a car that would feel reassuringly familiar, yet distinctively different. Challenge accepted.

## Introducing the Kamiq.

Models shown are not UK specification. Some of the equipment shown is optional.

# True original

The Kamiq sets a new design standard for Škoda. It combines the higher chassis and rugged appearance of a SUV, with the practicality and comfort of a compact city warrior. In other words, this is a Škoda like no other.

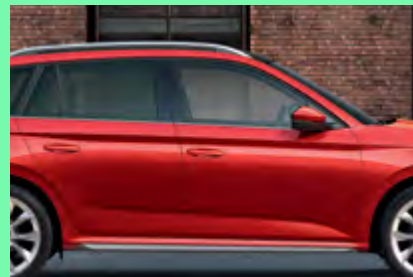

## Dynamic front design

With its sharp lines, bold grille and split headlamps, the Kamiq immediately commands attention. While the addition of the front bumper in platin grey or black further showcases the car's unique character.

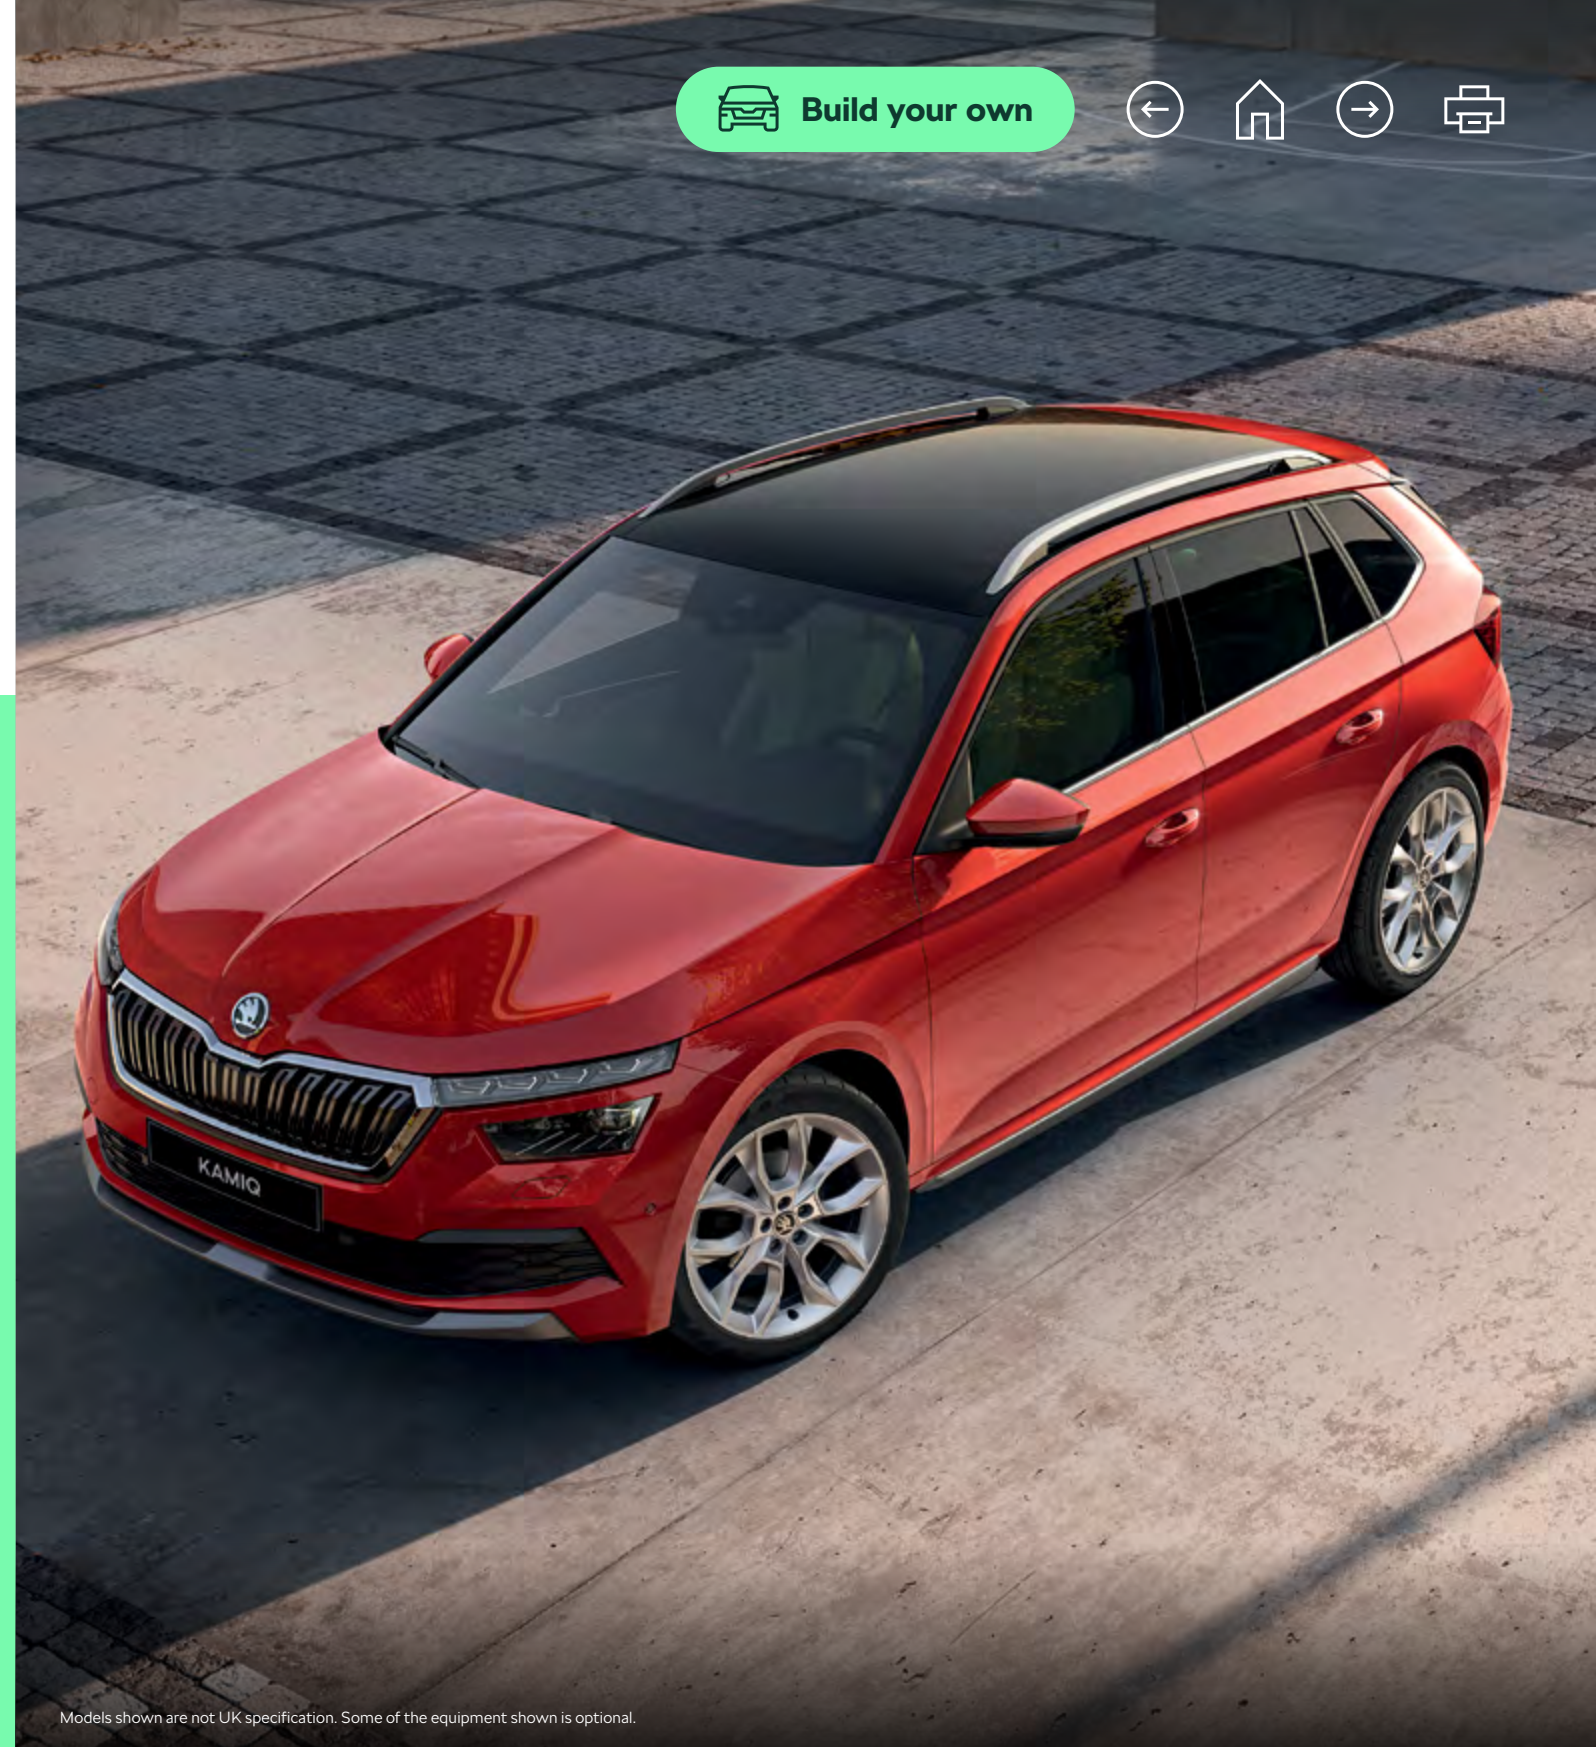

## Side view

Designed to protect passengers in the back from glare, the rear-tinted windows also beautifully draw attention to the Kamiq's signature Škoda design lines and precise edges.

## Rear view

Robust, yet elegant. The Kamiq's rear perfectly showcases the car's crossover appeal. The addition of the integrated diffuser in platin grey or black on the rear bumper further highlights the car's generous clearance.

## Leading by example

The new Kamiq powerfully combines robust design with signature Škoda styling. This is design without compromise. Beauty without limits. A crossover that leads, but never follows.

### Full LED headlights

The Kamiq's LED technology continues to drive design innovation and includes adaptive front light system, cornering function and fog lights.

### Panoramic roof

Enhance your travel experience by lighting up the interior and, on sunny days, prevent dazzling passengers with the electric sun blind.

### LED rear lights

Impossible to ignore in every sense, the Kamiq features horizontal rear lights with an eye-catching C-shaped illumination.

# Finding inner strengths

The moment you take your seat you'll find everything you want, where you want it. Screens are positioned for optimum visibility, buttons placed for maximum ease. Welcome to your new home from home.

Models shown are not UK specification. Some of the equipment shown is optional.

**Virtual cockpit**  
Replacing the traditional instrument dials, the dynamic 10.25" digital display can be customised with five views (Classic, Basic, Extended, Modern and Sports).

**LED ambient lighting**  
Your interior, your way. The LED light strip located below the dashboard's decorative trim enables you to choose from three ambient light colours. So what will it be? Red, white or copper?

**Front centre armrest with 2 rear USB-C ports**  
The adjustable armrest located between the front seats features a storage compartment which is easily accessible by the driver and the front passenger. At the rear there are 2 USB-C slots for the rear passengers.

**Electric driver's seat**  
Discover a whole new level of comfort by electrically adjusting the seat's height, positioning and lumbar support to your preferred position.

# Streets ahead in the city

A blast up the motorway or a dash through the city, each engine in the range offers outstanding comfort at every turn. You'll also find they offer impressive reliability, flexibility and cost-efficiency.

## Driving Mode Select

Activated with the mode button on the centre console, Driving Mode Select offers Eco, Normal, Sport and Individual modes. If the vehicle is equipped with a lowered chassis that is fine-tuned with the Sport Chassis Control, you can choose between Sport mode and Normal mode via Driving Mode Select.

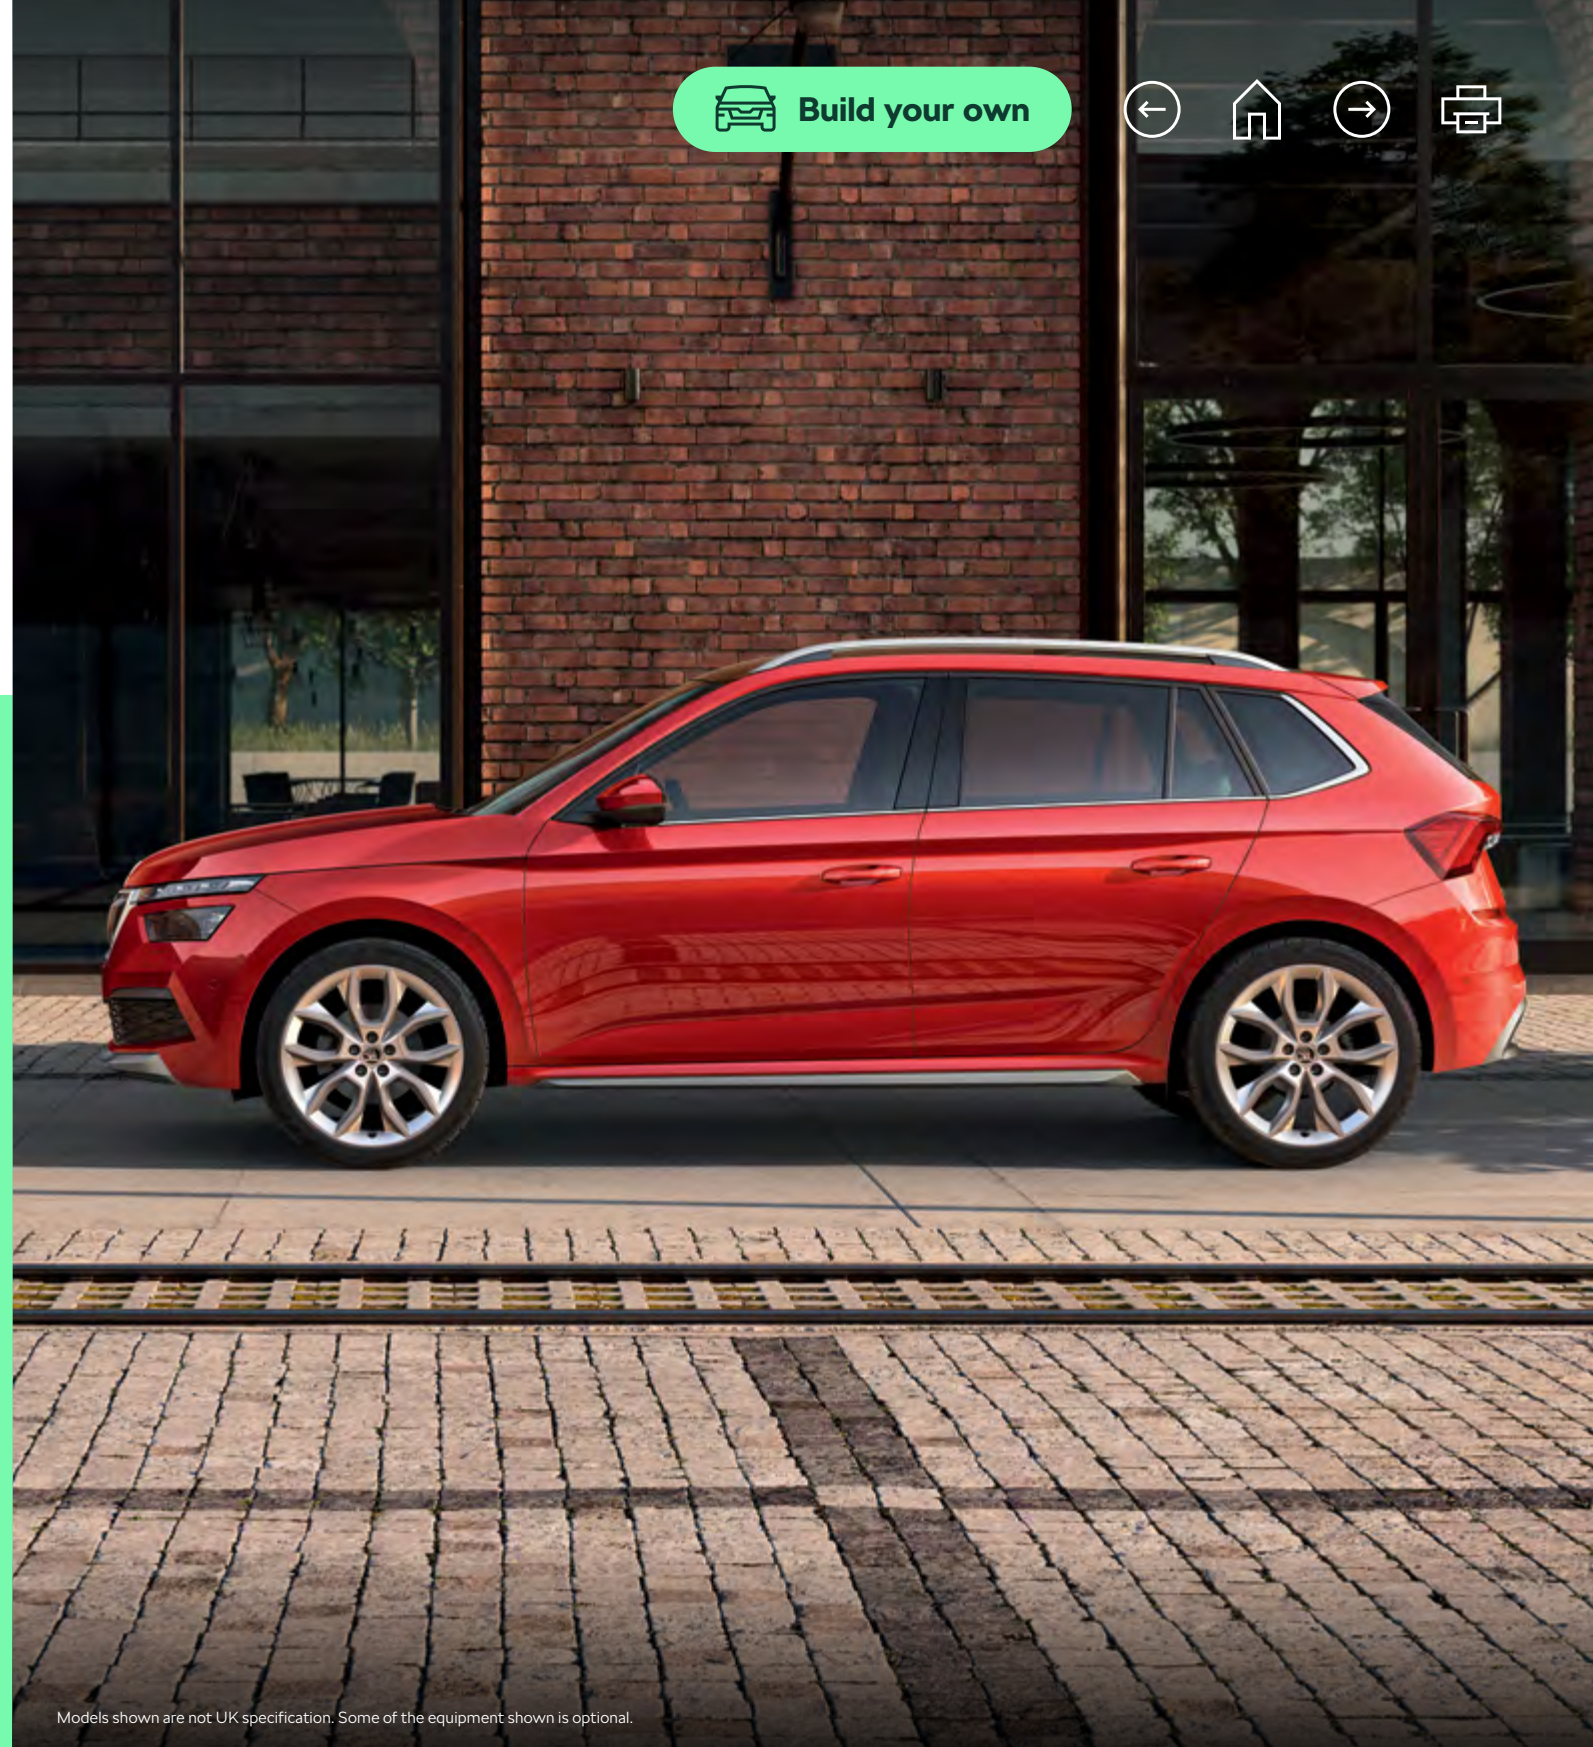

## Direct Shift Gearbox (DSG)

The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

## Sport Chassis Control

Designed for drivers seeking a sportier, more dynamic drive, this system of adjustable shock absorbers delivers improved handling and traction at all times. Sport Chassis Control always comes with a sport chassis lowered by 10mm and Driving Mode Select, which enables you to switch between Sport and Normal modes.

Models shown are not UK specification. Some of the equipment shown is optional.

# Innovation at every turn

# Škoda Connect: stay online on the go

By enabling you to be fully online on the move, the Kamiq helps you stay connected wherever your adventure takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

### Stay connected

The new Škoda Connect system turns the Kamiq into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. The system also offers convenient gesture control to make navigating menus and lists easier while on the move. With Proactive Services the car will contact your Škoda Retailer to arrange a service. **Click here to go to Škoda Connect.**

Images shown may not be UK specification. Some of the equipment shown is optional.

### SmartLink

SmartLink enables you to connect your smartphone through the infotainment system with Apple CarPlay™ and Android Auto™.

### Navigation system

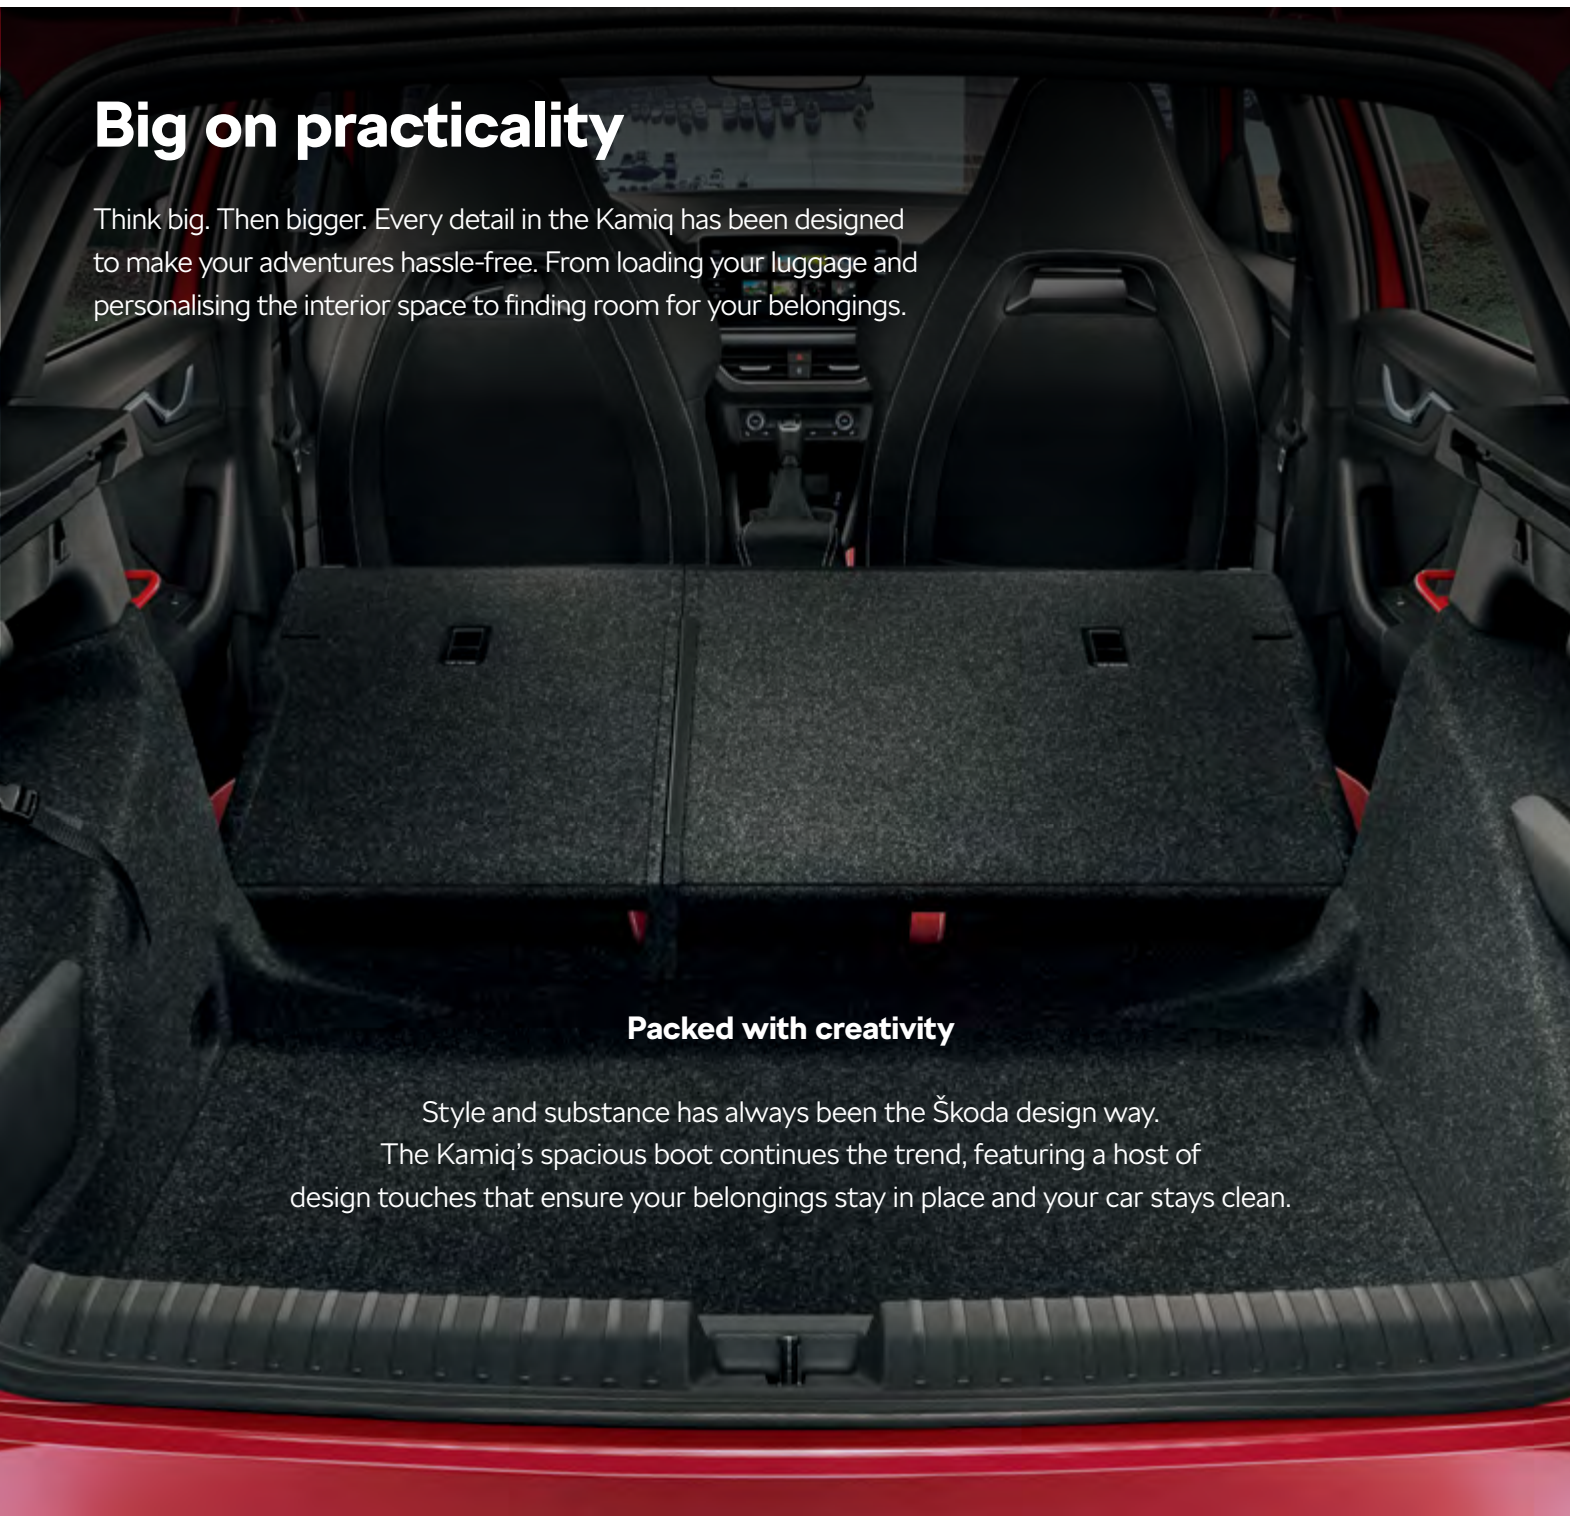

The Amundsen satellite navigation with 9.2" touchscreen display and gesture control will get you effortlessly from A to B. This new generation of infotainment is placed higher up on the dashboard for optimal viewing and includes an ergonomic wrist rest.

### Emergency call

In the event of an emergency on the road, the Kamiq will automatically send an SOS signal for help to give you that extra peace of mind. It can also be activated manually by pressing a red button in the roof headlining.

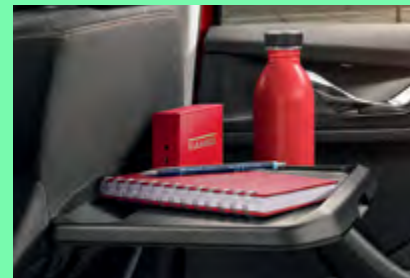

## Big on practicality

Think big. Then bigger. Every detail in the Kamiq has been designed to make your adventures hassle-free. From loading your luggage and personalising the interior space to finding room for your belongings.

### Packed with creativity

Style and substance has always been the Škoda design way. The Kamiq's spacious boot continues the trend, featuring a host of design touches that ensure your belongings stay in place and your car stays clean.

**Folding tables**  
Practical foldable tables with drink holders can be found integrated in the front seat backrests.

**Towing device\***  
Activated by a switch in the boot, the Kamiq has a handy foldable towing device with electric release.

**Door edge protection**  
Both reassuring to you and considerate to other drivers, hidden plastic strips automatically eject and cover the edges of all side doors as they open, preventing accidental scrapes and chips.

**Umbrella storage**  
The Kamiq comes with an original Škoda umbrella that is ingeniously concealed inside the driver's door. Furthermore, it's been designed to let water drain away from the car, keeping the interior dry.

\* Please note, if a tow bar or tow bar preparation is not fitted on the car, the VIN plate may not show any towing weights and the car will never be eligible for towing. As such it may not be possible to retrospectively fit a tow bar if the car is not fitted with tow bar preparation at Factory. Please speak to your Retailer to confirm the exact towing eligibility. Models shown are not UK specification. Some of the equipment shown is optional.

# Inner confidence

The Kamiq comes loaded with thoughtful features and intelligent assistant systems that enable you drive the right way, right away. Whatever comfort means to you, you'll find it inside the Kamiq.

## Adaptive cruise control

Using a radar on the front grille, this feature keeps you a safe distance from the vehicle in front and enables you to maintain a constant speed without using the pedals.

## Folding door mirrors

Side-view mirrors automatically fold in when the car is locked, protecting them from any unwanted damage and scrapes from passing cars and pedestrians.

## Heated front and rear seats

When it's cold out, your friends and family will appreciate the warmth inside from the heated front and rear seats, which are regulated by a separate control on the rear side of the front armrest.

## Kessy – keyless entry and start/stop system

Allows the car to be locked, unlocked and started with a simply touch of a button as long as sensors detect the key is with the driver. Simpler still, the Keyless Start/Stop system enables the car to be started with a button on the steering column.

 Build your own

## Electrically operated boot

Gain instant entry into the boot by simply pressing the button on the remote control, central panel or directly on the boot. You can also adjust the upper door position to suit your needs.

Models shown are not UK specification. Some of the equipment shown is optional.

Images shown may not be UK specification. Some of the equipment shown is optional.

# We've got you covered

When it comes to providing driving assistance, we've got your back. That's because the Kamiq comes with a range of assistant systems to help you with everything from parking and preventing collisions to driving at night.

### High beam control

Kinder to others, safer for you. This assistance system will switch to high beam and back automatically, increasing comfort and safety in traffic.

### Lane assist

This feature monitors road markings and helps the driver to keep the car in lane by nudging the steering wheel in a direction away from the lane marking.

### Rear view camera

The rear view camera makes reversing and parking significantly easier. It shows the image of the situation behind the car on the infotainment system screen and displays guide lines to help you navigate through a difficult parking situation.

### Front assist

Using a radar in the front grille, this smart feature monitors the distance from the vehicle ahead and automatically brakes to avoid any collisions. The system also includes predictive pedestrian protection, which warns the driver via an audio/visual signal, as well as a gentle jolt of the brakes.

# VED (Vehicle Excise Duty) from 1st April 2023

VED Band	CO <sub>2</sub> (g/km)	Petrol car/diesel car* (tax class 48 and 49) 12 months	Diesel car** (tax class 49) 12 months	Alternative fuel car (tax class 59) 12 months
A	0	£0	£0	£0
B	1-50	£10	£30	£0
C	51-75	£30	£130	£0
D	76-90	£130	£165	£120
E	91-100	£165	£185	£155
F	101-110	£185	£210	£170
G	111-130	£210	£255	£200
H	131-150	£255	£645	£245
I	151-170	£645	£1,040	£635
J	171-190	£1,040	£1,565	£1,030
K	191-225	£1,565	£2,200	£1,555
L	226-255	£2,220	£2,605	£2,210
M	over 255	£2,605	£2,605	£2,595

## OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

## VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO<sub>2</sub> figures may differ on these vehicles if taken from current Škoda UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

\* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards.

\*\* This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £390 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

# BiK calculation example

Based on  
**Kamiq SE 1.5 TSI 150PS**

<b>P11D value</b>		<b>£24,790.00</b>
<b>Company car BiK tax based on CO<sub>2</sub> emission level</b>		<b>31%</b>
<b>Taxable BiK (for 2023/2024 tax year):</b>	31% of £24,790.00	<b>£7,684.90</b>
<b>Annual company car tax (2023/24)</b>		
<b>20% income tax</b>	20% of £7,684.90	<b>£1,536.98</b>
<b>40% income tax</b>	40% of £7,684.90	<b>£3,073.96</b>
<b>Monthly company car tax (2023/24)</b>		
<b>20% income tax</b>	£1,536.98 divided by 12 months	<b>£128.08</b>
<b>40% income tax</b>	£3,073.96 divided by 12 months	<b>£256.16</b>

Company car tax is based on the vehicle's carbon dioxide (CO<sub>2</sub>) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

## P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

## BiK (Benefit in Kind)

The BiK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2023/2024.

\* Figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st June 2023. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see [skoda.co.uk/owners/wltp-info](https://www.skoda.co.uk/owners/wltp-info) or consult your retailer.

\*\* Only available from stock. Please check the availability with your local Skoda retailer.

## Škoda Financial Services

Škoda Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car's value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new Škoda on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

Škoda Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your Škoda Retailer for your personalised quotation today.

T&Cs apply, Škoda Financial Services.

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Until 31st October 2022 Volkswagen Insurance Service (Great Britain) Ltd operates as an appointed representative of VWFS UK, after this date all references to Volkswagen Insurance Service (Great Britain) Ltd should instead be read as VWFS UK. VWFS UK is authorised and regulated by the Financial Conduct Authority. VWFS UK and U K Insurance Limited are not part of the same corporate group.

## Škoda Gap Insurance

### What is Škoda Gap Insurance?

If your Škoda is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Škoda or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

### Škoda Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your Škoda or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, Škoda Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

### Škoda Gap Insurance Plus

In addition to all the benefits of Škoda Gap Insurance, the Škoda Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, Škoda Gap Insurance will pay a fixed sum of £2,500.

### Why choose us?

Škoda Gap Insurance gives you the financial protection your Škoda deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement Škoda.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about Škoda Gap Insurance, please speak to your nearest participating Škoda Retailer or go online [www.insurewithskoda.co.uk/gap-insurance](https://www.insurewithskoda.co.uk/gap-insurance)

Škoda Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR.

Škoda Gap Insurance is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

VWFS UK is not part of the same corporate group as Motors Insurance Company Limited and Car Care Plan Limited.

## Service and maintenance

Our range of servicing and maintenance plans will help to keep your Škoda in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine Škoda approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

### Service Plan for cars under a year old

This covers your first 2 services for a fixed payment, protecting you from inflation. You can choose to pay upfront or monthly across 24 monthly payments. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your Škoda Retailer to create a more tailored service plan.

Exclusions, terms and conditions apply. Servicing must be carried out in line with the requirement of the service schedule. All work must be carried out at a ŠKODA Authorised Repairer. Additional work, including wear and tear, is excluded. Freepost ŠKODA Financial Services.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

## Service intervals

When you order your Kamiq, you can choose whether your car is on a fixed or a flexible service regime. Your Škoda retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.
