## Specification guide

Singapore

# Signature **look**

The new Arteon makes a bold statement with its expressive design, flowing silhouettes and athletic sportiness. Rocking a long, low-slung body, gently curved contours and head-turning looks, this ride demands to be noticed.

Roof and window contours sweep down in parallel from the B-pillars, combining with stylish alloys to create a sporty Gran Turismo.

# Enhanced **safety**

The latest assistance systems make your driving experience as easy and stress-free as possible, especially on long journeys. Built-in alerts and prompts keep you safe on the road and in the lot with a constant eye on your surroundings.

## **Front Assist with City Emergency Brake**

Front Assist kicks in for critical situations by preconditioning the brake system and alerting you to necessary action with visual and acoustic warnings. If you do not react in time, emergency braking automatically kicks in to reduce the impact or prevent an accident altogether.

## **Side Assist with Rear Traffic Alert**

Sensors detect vehicles in the rear and blind spot, warning you via a light indicator in the side mirror housing when you're too close. The Rear Traffic Alert system provides an audible warning as you reverse out of a parking space. In an emergency, it even brakes for you to avoid an accident.

## **Proactive Occupant Protection System**

Get protected from all sides with the Proactive Occupant Protection System. Upon detecting a possible accident, it automatically tightens seatbelts, activates hazard lights and closes all windows.

# Unparalleled **performance**

Experience effortless driving with a 190 PS engine that generates 320 Nm of torque—perfectly pairing the visual with the visceral.

## Driving and handling

- 7-speed dual clutch transmission (DSG) with Tiptronic® and Sport mode
- DCC dynamic chassis control (R-Line)
- Electronic differential lock (XDS)
