DRIVING INNOVATION SO YOU CAN DRIVE BETTER.

Investing almost US\$9 billion a year, Toyota is the world's top R&D spender (averaging about US\$1 million an hour). A worthy investment towards creating ever-improving technology, sturdier rides and a Toyota that you can count on. All of which you'll find embodied in the Previa.

Like the Tri-zone Air Conditioning with NanoE™ technology (for 7-seater only) that ensures equal distribution of quality cool air, as well as freshness and comfort for all passengers. This is thoughtfully paired with luxurious Captain & Ottoman seats, and the effortless convenience of Dual Powered Sliding Doors. It is no wonder the Previa is where elegance meets comfort.

But at Borneo Motors, we go beyond just delivering a great car. From quality control to aftersales service, we do all that we can so you can drive your Toyota better, safer and easier.
