DOWN TO
THE FINEST DETAIL.

Vehicle shown with available equipment.

THE 2010 ES

There's attention to detail. And then there's this. The 2010 ES: 114 points of sound dampening, 88 measures to help prevent vibrations, 43 sensors for comfort. And, of course, 7 sensors to monitor the sensors. Here, just numbers on a page. But when combined with the kind of luxury you've grown to expect from Lexus, they result in an experience unlike any other. It's a vehicle engineered with one goal in mind: that every moment you spend inside is as remarkable as the first.

IN THIS CASE, YOUR SURROUNDINGS
GET TO KNOW YOU.

As we see it, comfort should only come in one variety: yours. To that end, the ES features available heated and ventilated front seating that can be adjusted to your desired temperature. As well as your desired position—both power front seats can be adjusted in 10 individual ways. And to ensure your settings aren't in vain, they can be recalled at the press of a button. Even its technology is designed to adapt to you. Its available voice command is the most tested automotive voice-recognition system ever, enabling you to use casual speech to help control everything from climate settings to navigation functions.

THE DIFFERENCE BETWEEN OWNING A CAR AND OWNING A LEXUS.

HAND-SELECTED LEATHER

Only the highest-quality leather stock is considered for use in an ES. And even then, it must undergo extreme tests before being approved. To name a few: being frozen to -40° F, withstanding the flame of a blowtorch and enduring a 10-year simulation of ultraviolet rays.

DUAL-ZONE CLIMATE CONTROL

To make it even more accommodating, separate controls allow the driver and front passenger to adjust the cabin temperature to their preference. In addition, a smog-sensing automatic recirculation system checks the outside air for pollutants. And if a high level is detected, the air intake turns off, and cleaner air is recirculated inside the cabin.

BACKUP CAMERA

When the ES is placed in reverse, an available backup camera³ located above the rear license plate transmits a wide-angle color image to the screen on the available Navigation System.¹ As a result, the driver may be able to see objects they otherwise would have missed.

NAVIGATION WITH REAL-TIME TRAFFIC AND WEATHER

Available XM NavTraffic^{®1,2} provides real-time traffic, road construction and accident information. And available XM NavWeather^{™1,2} provides continually updated weather information along your route.

PANORAMA GLASS ROOF

The ES is the only Lexus to feature an available panorama glass roof. Offering fresh air to the front passengers, and natural sunlight to all occupants, the full-length glass roofline is so seamlessly integrated with the metal roof frame that no molding is visible.

MARK LEVINSON® AUDIO

Offering fully discrete 5.1-channel playback in a 7.1-channel architecture, the available Mark Levinson Premium Surround Sound System⁴ in the ES uses 14 strategically placed speakers to create a "sweet spot" of sound that envelops the entire cabin. The result is a listening experience virtually unrivaled by other vehicles in its class. For more information, please visit lexus.com/ES/levinson.

SINGLE-SOURCE WOOD TRIM

Yet another example of attention to detail, the side panels and center console are crafted from a single piece of wood and then selected by hand to ensure the grain, color and shade are consistent throughout the cabin.

LEXUS ENFORM™

Offering the ultimate in convenience for the driver, the available Lexus Enform^{5,6} system features two services: eDestination and Destination Assist. The first allows you to save up to 200 points of interest from your computer and upload them to your ES. The latter connects you to a live agent, available 24/7, who can help you find destinations while driving and automatically upload them to your available Navigation System.¹ Learn more at lexus.com/ES/Enform.

SAFETY CONNECT™

For added peace of mind, Safety Connect^{5,7} features four main services: Automatic Collision Notification that can request help if your airbags⁸ deploy, even if you are unable to; Stolen Vehicle Location that can help police track your ES if it's stolen; an Emergency Assistance Button (SOS) that allows you to request help in any kind of emergency situation; and Enhanced Roadside Assistance⁹ that can send assistance for everything from flat tires to fuel delivery at the touch of a button.

For those who wish to embrace curves, the front-suspension geometry on the ES was specifically designed for greater control and steering feel. And in the rear, a uniquely engineered subframe helps provide exceptional handling and rigidity. For those who wish to defend against them, it features innovations like an available lighting system that can rotate in either direction to help illuminate more of the road ahead. And for the curve we hope is never thrown your way: an available Pre-Collision System¹⁰ that is designed to sense and react to an imminent frontal collision before it occurs.

An available **Dual-swivel Adaptive Front Lighting** system can help illuminate curves by rotating the right or left headlamp up to 15 degrees into a turn at speeds below 19 mph and both headlamps together at speeds above 19 mph.

Available **Dynamic Radar Cruise Control¹¹** sensors use radar technology to help you maintain a pre-set following distance from a car traveling in front of you, reducing the throttle and applying the brakes if necessary.

An available **Pre-Collision System (PCS)¹⁰** is designed to detect when a frontal collision is unavoidable and automatically retract the front seatbelts to prepare for impact while simultaneously delivering the maximum braking force once you press the brake pedal.

ACCOMMODATING, EVEN TO CURVES.

GENERAL

TYPE	Five-passenger luxury sedan
CONSTRUCTION	Welded-steel unibody
CURB WEIGHT	3,580 (1,624 kg)

WHEELS

17-in five-split-spoke alloy wheels¹²
STANDARD

17-in 10-spoke Liquid Graphite-finish alloy wheels¹²
(ULTRA-LUXURY PACKAGE*)
AVAILABLE

17-in E-Sport alloy wheels¹²
AVAILABLE

BODY AND DIMENSIONS

HEADROOM front/rear w/moonroof	37.4/36.8 in (950/935 mm)
front/rear w/panorama glass roof	37.8/37.0 in (960/940 mm)
SHOULDER ROOM front/rear	57.3/56.3 in (1,455/1,430 mm)
HIP ROOM front/rear	56.3/53.9 in (1,430/1,368 mm)
HEIGHT	56.3 in (1,430 mm)
WIDTH	71.7 in (1,820 mm)

TRUNK CAPACITY	14.7 cu ft (416 L)
FUEL-TANK CAPACITY	18.5 gal (70 L)
LEG ROOM front/rear	42.2/35.9 in (1,071/912 mm)
WHEELBASE	109.3 in (2,776 mm)
OVERALL LENGTH	191.1 in (4,854 mm)

ENGINE

TYPE	60° V6, aluminum block and heads
DISPLACEMENT	3.5 liters (211 cubic inches)
VALVETRAIN	Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO	10.8:1
HORSEPOWER AT RPM	272 hp @ 6,200 ¹³
TORQUE AT RPM	254 lb-ft @ 4,700 ¹³
EMISSION RATING	Certified Ultra-Low Emission Vehicle (ULEV II)

PERFORMANCE

0-60 MPH ACCELERATION	6.8 seconds ^{13,14}
1/4-MILE ACCELERATION	15.0 seconds ^{13,14}
TOP TRACK SPEED (electronically limited)	137 mph ^{13,14}
EPA FUEL ECONOMY ESTIMATES (city/highway)	19/27 mpg ¹⁵
AERODYNAMIC DRAG COEFFICIENT	0.28
TURNING CIRCLE	36.7 ft

DRIVETRAIN

DRIVE WHEELS	Front-wheel drive
TRANSMISSION	Six-speed sequential-shift automatic Electronically Controlled Transmission with intelligence (ECT-i)
FINAL DRIVE RATIO	3.685:1

CHASSIS

VEHICLE STABILITY CONTROL (VSC)¹⁶	Electronic system that monitors and helps control loss of traction in a turn by using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist ¹⁷ and Traction Control (TRAC)
SUSPENSION	Front: Independent, MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar Rear: Independent, dual-link MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
STEERING	Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock
BRAKES	Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ¹⁷ 11.6-in ventilated front, 11.0-in solid rear discs
WHEELS AND TIRES	17 x 7.0-in five-split-spoke alloy wheels ¹² with 215/55R17 all-season tires ¹² Available full-size spare tire on alloy wheel Optional wheels and tires: 17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels ¹² with 215/55R17 all-season tires ¹²

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

- SmartAccess^{18,19} with push-button Start/Stop
- Remote keyless entry-linked memory¹⁹
- Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode
- Power tilt-and-telescopic steering column
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto open/close feature
- Exterior glass with UV reduction
- Remote-linked window and moonroof opening
- Retained accessory power for moonroof and windows
- Electrochromic (auto-dimming) inside rearview mirror with compass
- Power door locks
- Cruise control
- Center console with storage bin and accessory power outlet
- Dual cupholders, front and rear
- Illuminated entry system
- HomeLink[®] universal transceiver to operate compatible garage, gate, home lighting and home security systems

SEATING AND TRIM

- Leather-trimmed interior
- 10-way driver's and front passenger's (including lumbar) power seats
- Lexus Memory System to control power driver's seat (except lumbar) outside mirrors and steering wheel
- Height-adjustable headrests for all seats
- Brown walnut or espresso bird's-eye maple interior trim
- Carpeted floor mats

COMMUNICATION, AUDIO AND NAVIGATION

- Lexus eight-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
- XM[®] Radio^{1,2,20} complimentary 90-day trial subscription
- USB and auxiliary iPod^{®21}/MP3/Windows Media[®] Audio (WMA) port
- Bluetooth[®] technology²²
- Bluetooth audio²³ profile for wireless integration of compatible music players with in-vehicle audio system

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio and display controls
- Liquid-crystal multi-information console display
- Electroluminescent instrumentation
- ECO Driving indicator
- Automatic on/off projector-beam headlamps with auto-off delay
- Illuminated interior electronic trunk-lid and fuel-filler door releases
- Outside temperature gauge

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

- Vehicle Stability Control (VSC)¹⁶ with cutoff switch
- Traction Control (TRAC)
- Four-wheel power-assisted disc brakes with front ventilated discs
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist¹⁷
- Electronic Brakeforce Distribution (EBD)
- Direct Tire Pressure Monitor System²⁴
- Water-repellent front-door glass
- Daytime running lights
- Integrated foglamps
- Rain-sensing intermittent windshield wipers with mist cycle
- Rear-window defogger with auto-off timer
- Power-adjustable outside mirrors with turn indicators, defoggers and puddle lamps

PASSIVE SAFETY

- Driver's and front passenger's advanced airbag system (SRS)⁸ with front passenger's twin-chamber airbag (SRS)⁸
- Front and rear seat-mounted side airbags (SRS)⁸
- Driver's and front passenger's knee airbags (SRS)⁸
- Front and rear side curtain airbags (SRS)⁸
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front and outboard rear seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat
- Height-adjustable front shoulder belt anchors
- Child Restraint Seat (CRS) tether anchor brackets for all rear seating positions
- Highly rigid body structure with front and rear crumple zones
- Side-impact door beams
- Reinforcements in pillars and door sills
- Impact-dissipating upper interior trim
- Collapsible steering column

SECURITY

- Safety Connect^{5,7} offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance⁹ services
- Vehicle theft-deterrent and engine-immobilizer system¹⁹
- Emergency interior trunk release
- First aid kit
- Tool kit

VARIABLE PORTION
(E-Brochure/Owner Site)

VARIABLE PORTION (Accessories)

OPTION PACKAGES*

NAVIGATION SYSTEM/MARK LEVINSON PREMIUM AUDIO SYSTEM PACKAGE

HDD Navigation System¹ including voice command, color LCD display with integrated backup camera,³ XM NavTraffic,^{1,2} XM NavWeather,^{1,2} XM[®] Sports and Stocks^{1,2} complimentary 90-day trial subscription and Enhanced Bluetooth technology^{2,2}

Lexus Enform^{5,6} with Safety Connect^{5,7} offers Destination Assist, eDestination, Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance⁹ services

Lexus Personalized Settings (LPS)

Mark Levinson 14-speaker 300-watt @ less than 0.1% THD, 20-20,000 Hz²⁵ Premium Surround Sound Audio System⁴ with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

ULTRA LUXURY PACKAGE

Semi-aniline perforated leather-trimmed interior with double-contrast stitching

Wood- and leather-trimmed steering wheel and shift knob

Heated and ventilated front seats

Driver's-seat power cushion extender

Lexus Memory System for front passenger's seat

Electrochromic (auto-dimming) outside mirrors with tilt-down in reverse

Panorama glass roof

Power rear sunshade

High-Intensity Discharge (HID) headlamps

Dual-swivel Adaptive Front Lighting System (AFS)

17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels¹²

Full-size spare tire with 17-in alloy wheel¹²

Wood- and leather-trimmed steering wheel and shift knob

Voice-activated HDD Navigation System¹ with backup camera³ and Enhanced Bluetooth technology^{2,2}

High-Intensity Discharge (HID) headlamps

*Please see back cover for more information regarding options/packages.

*Not available with Ultra Luxury Package. †Available with Ultra Luxury Package only.

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *ES Warranty and Services Guide* at your Lexus dealer for details.

1. The Navigation System is designed to assist in locating an address or point of interest. XM Radio, XM NavTraffic, XM NavWeather and XM Sports and Stocks require a monthly service fee and hardware. XM NavTraffic is designed to provide real-time traffic or alternative routes of travel; XM NavWeather is designed to provide real-time weather and forecasting information in your general vicinity and along your route of travel. Discrepancies may be encountered between the system and your actual location. Road system and weather changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic Navigation updates available at an additional cost. Please see your *Navigation System Owner's Manual* for further details. **2.** XM NavTraffic and XM NavWeather each require a separate XM subscription. XM Sports and Stocks is available with an XM Radio subscription. After a 90-day complimentary trial, you must set up the appropriate XM subscription(s) to continue receiving these services. The XM NavTraffic, XM NavWeather and XM Sports and Stocks services are available in the 48 contiguous United States and D.C. For details about the XM service coverage areas, visit www.xmradio.com or call the XM Listener Care Center at 1-877-515-3987. To receive XM NavTraffic, XM NavWeather and XM Sports and Stocks services, XM service must be activated. To activate the service, call the XM Listener Care Center. Subscriptions are governed by the XM Customer Agreement available at xmradio.com/serviceterms. XM Radio fees, services and programming are subject to change. **3.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **4.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **5.** Available beginning Fall 2009 on select Lexus models. Contact with the Lexus Enform response center is dependent upon the telematics device being in operative condition, cellular connection availability and GPS satellite signal reception, which can limit the ability to reach the response center or receive support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Lexus Enform-equipped vehicles. A variety of subscription terms is available; charges vary by subscription term selected. **6.** Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States and Washington, D.C. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. **7.** Safety Connect services will function in the United States, including Hawaii and Alaska, and in Canada. The services will not function outside of the United States in countries other than Canada. **8.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **9.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **10.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **11.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **12.** 17-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending on driving conditions. **13.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **14.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **15.** 2010 EPA-estimated mileage. Actual mileage will vary. **16.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **17.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **18.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **19.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.aloa.org. **20.** Functioning XM Radio requires a monthly service fee. Please see your Lexus dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions governed by the XM Customer Agreement available at xmradio.com/serviceterms. Available only in the contiguous United States and D.C. **21.** iPod is a registered trademark of Apple Inc. All rights reserved. **22.** The Bluetooth technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **23.** Bluetooth audio device must be enabled with A2DP and AVRCP. **24.** The Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **25.** Continuous average power, all channels driven, at less than 0.1% THD; 20-20,000 Hz. **26.** Currently available PPO. Ask your Dealer Sales Consultant for vehicle application.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
