An Icon of Italian *Elegance*

A Grand-Scale *Icon*

In 1963, Maserati made a remarkably bold move, introducing the first ever luxury sports sedan. The Quattroporte met a particular need for an exclusive group of discerning motorists. Europe's emerging network of motorways opened up thrilling worlds of possibility when it came to long-distance travel. With this Maserati, they could all be embraced – at high speeds, in spacious comfort and in breathtaking Italian style.

And the sculpted styling, undeniably aggressive yet eternally graceful, has all the evocative power you would expect from Maserati.

As Maserati continues to shape the future of luxury grand touring, some things clearly never change.

The Maserati Quattroporte is part of a story that dates back over 100 years. It's a story of endurance. Of embracing challenge. Of going the distance and winning. And doing it all in audacious Italian style. Since then, all Maserati production models have followed this **unique formula**, offering race-bred performance, captivating Italian design and all the luxuries and comfort you could want in a prestigious grand tourer. Everything you would be right to expect from the Maserati Quattroporte.

Quattroporte-An Icon of Italian Elegance

The Quattroporte offers a combination of inspirational, high-capacity power and high-end business-like intelligence. So while it performs like a track-ready supercar, it's also remarkably efficient. **Luxury, scale and space** meet phenomenal dynamic capabilities in the Maserati Quattroporte - and it's all perfectly expressed by its stately yet dynamically intense exterior. With a perfectly balanced weight distribution, standard Skyhook suspensions, Brembo dual-cast brakes, the Quattroporte blend **phenomenal dynamics** with absolute **comfort and safety**.

High-Powered Luxury

Q4 Intelligence all-wheel Drive System:

The intelligent all-wheel drive system of the Q4 Quattroporte version keeps the performance and comfort at their engaging, inspirational best – even when the weather and road conditions are far from ideal. A sophisticated algorithm developed by Maserati continuously monitors dynamic inputs such as wheel speed, steering and yaw angle and even wheel grip versus driving style. Processing all this data, the Q4 system instantaneously establishes a dedicated grip profile for each individual wheel. This ensures optimum dynamics for any given road condition, at any time.

Air Quality sensor:

The Quattroporte is equipped with an intelligent sensor paired with a signal analysis system that calculates the external pollution levels and prevents polluted air and toxic gases from entering the cabin, improving the comfort of everyone onboard.

Soft Close Doors and Keyless Entry:

The standard Keyless Entry function enables you to open the doors or boot via the handles, without touching the key fob. Soft Close Doors securely, effortlessly and noiselessly closes doors left lightly ajar, increasing the car's safety and comfort, particularly for children in the back seat.

Power Sunroof:

Maserati cars can be fitted with an electric sunroof in tinted safety glass, with a manual sunshade. The sunroof is power controlled, and it can be tilted at the rear or opened completely; in the latter case it retracts into the roof of the car and a front flap rises automatically to deviate the air flow.

MIA (Maserati Intelligent Assistant):

Powered by Android Automotive OS, the new generation MIA offers an innovative and personalized user experience. The frameless 10"1 HD touch screen with a ratio of 16:10 carries a new graphic interface, featuring an elegant, curved glass edge display.

Wireless Charger:

Charge your smartphone simply by placing it on the dedicated area. The wireless charger also offers the possibility to mirror apps and information on the infotainment screen.

ZF eight-speed automatic transmission:

The sophisticated ZF eight-speed automatic transmission in the Maserati Quattroporte puts its engine power under your complete control. Its advanced design ensures precise gear changes and optimum performance. Thanks to auto-adaptive software, the transmission modifies its shift patterns according to driving style, for an even more rewarding, one-to-one driving experience. And when it comes to long, high-speed journeys, the last two gears, seventh and eighth, are specially calibrated to reduce fuel consumption and further increase comfort.

Folding rear seats:

Need to safely store the ski or snowboard bag? The 60/40 split-folding rear seats provide cargo-carrying versatility. When the seat on the smaller side is completely folded down, you will have a continuous nearly flat extension of the load floor in order to accommodate large-sized equipment and objects.

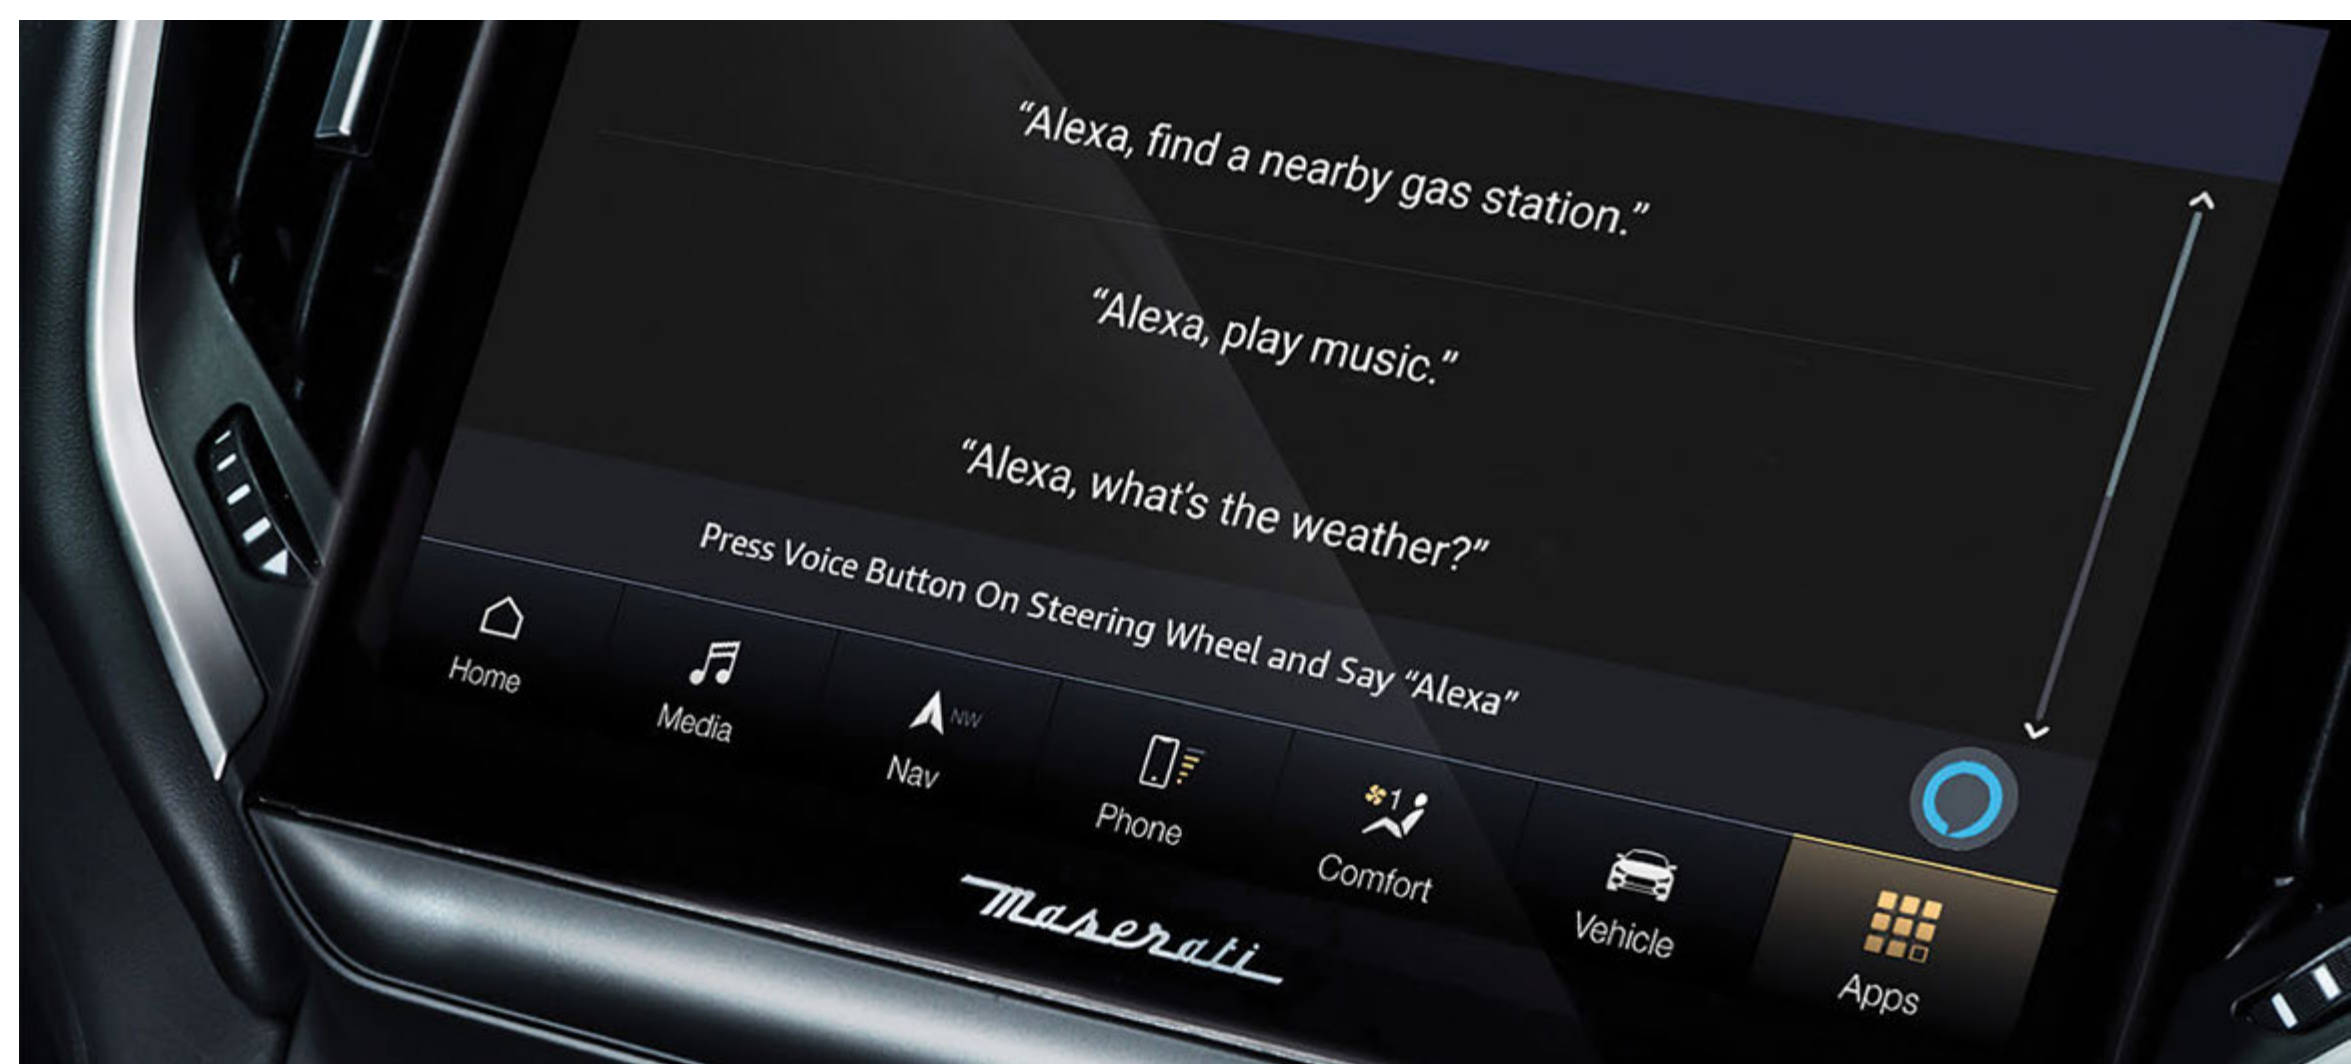

Your Maserati *connected to you*

Master the essence of performance, comfort and safety to transform every journey into a unique and thrilling experience. Intuitively and intrinsically linked from the app to the vehicle, Maserati Connect will seamlessly link your car to your habits and needs, leaving you free to enjoy driving at its best.

Remote Services:

The Maserati Connect App displays fuel level, tyre pressure, odometer, oil-life, and vehicle health report card including checks for Powertrain, Brakes & Suspension, Oil & Fluids, Safety systems and Lights. Every information is updated on the last key off.

Amazon Alexa:

Your Maserati as part of your smart ecosystem. Just ask Alexa or Google Assistant for your vehicle status, or to send a destination to your always updated navigation. Communicating with your car from your couch is that simple. With In-Car Alexa, you can ask to play music, hear the news, check the weather, control smart home devices, and more.

Advanced Driving Assistance System

The Quattroporte is equipped with a comprehensive range of Level 2 Advanced Driving Assistance Systems, the highest level of autonomous driving currently permitted. It means even greater peace of mind in a variety of traffic conditions.

Traffic Sign Recognition

What if your car could alert you about the speed limit sign you just passed? The Traffic Sign Recognition comes in handy for monitoring different types of sign: speed limits, temporary speed limits and overtaking restriction zones.

Highway Assist System (HAS)

Ever imagined you could combine the virtues of Adaptive Cruise Control with the Lane Keeping Assist? The Highway Assist System (HAS) is a level 2 autonomous driving system, designed to help you steer, accelerate, brake and keep your vehicle in its lane, especially when you're driving on highways or limited access freeways.

Lane Keeping Assist (LKA)

Want to make your highway and freeway drive safer? The Lane Keeping Assist (LKA) is a safe driving feature that is designed to identify lane markings and initiate a steering maneuver in order to prevent unintentional lane crossings. A car safety feature that you definitely have to look out for.

Lane Departure Warning System

Thanks to a camera in the rear-view mirror that monitors road markings ahead, the Lane Departure Warning system helps the driver keep the vehicle in the chosen lane on motorways and main roads. This reduces lane drift and the possibility of lateral collisions by providing a warning when the vehicle crosses lane markings without signalling. Activation of the turn indicator overrides the system.

Active Blind Spot Assist

Need some help to look over your shoulder electronically? The Active Blind Spot Assist (ABSA) detects vehicles entering your side and rear blind spots when changing lanes, overtaking and parking. It's a driving safety feature that will help you face one of the biggest perils of the road.

Surround View Camera

This provides a clear 360° view around the car, helping with parking and highlighting otherwise hidden obstructions. Images are captured by two cameras beneath the door mirrors plus front and rear cameras and shown on the main display screen.

Adaptive Cruise Control with Stop and Go

Need more driving comfort with enhanced security when driving on highways and freeways? The Adaptive Cruise Control (ACC) with Stop and Go adjusts your speed to maintain the preset distance from the vehicle ahead. You will feel safer than ever when driving on highways and freeways in limited or moderate traffic.

Forward Collision Warning Plus

Want to feel safer when driving in heavy traffic? Whether it's a rush hour, a big event or a traffic jam, the Forward Collision Warning Plus system reduces the risk of rear-end collisions to prevent or limit vehicle damage.

Rear Cross Path Function

This is a welcome feature that emits a warning when an unseen vehicle is approaching, from the right or left, while reversing out of a parking space.

Front and Rear Parking Sensor and Reversing Camera

To assist with manoeuvring in tight spaces, the Quattroporte comes equipped with parking sensors in the front and rear bumpers. In addition, there is an optional rear-view camera, fitted close to the boot lock, that shows a view of what is behind the car on the Maserati display.

Active Driving Assist

Active Driving Assist is an extension of Highway Assist introduced on Maserati range on MY18. This new system is supported on every good road condition, no matter if B-roads urban, extra urban roads or highways.

Maserati

A world of possibilities

Master Maserati Driving Courses

There cannot be a Maserati driver in the world who hasn't wondered what it must be like to push the rev counter into the red right up through the gears, to take the racing line through a corner and to test their car's braking capabilities to the limit. The Master Maserati Driving Experience answers all these questions and more through a series of professionally- led courses for those with a desire to discover the performance potential of the fastest Maserati models in their natural environment: the racetrack.

With the introduction of the sensational MC20 supercar and the powerful Trofeo versions of Ghibli and Levante, the Master Maserati Driving Experience becomes even more dynamic and thrilling. For full details on our driving experiences, you can visit our website mastermaserati.com or contact us directly at info@mastermaserati.it.

Financial Services

Purchasing your car with the aid of a Maserati financial package enables you to choose the best conditions on the market and tailor them to your needs. Official Maserati dealers will be delighted to act as your financial advisers, providing professional guidance on the various payment options available and creating a package tailored to your requirements.

Road Assistance Program

The Maserati Assistance Program offers an exclusive range of services and benefits free of charge for the period of the warranty of the vehicle. The Assistance Centres, available 24 hours a day, can be contacted in emergency situations. At these efficient sites, courteous and highly-skilled professionals will provide the best possible solution to any problem flagged up by the customer.

Full Credit Services*

Stay on the road while your car is being repaired – with our Full Credit Services, you will be behind the wheel of a courtesy car with Geo maps, snow chains and child seats included and free of charge so you can focus on enjoying the drive.

*For more information, please contact your dealer or Maserati Customer Service at info@maserati.com.

The World of the *Trident*

Factory Tour

Discover the heart of the all new MC20's production at the historical Maserati Plant in Modena. The 1h45min Factory Tour begins with a walkthrough of the Brand's heritage and model range presentation. Assembly line, Engine Lab, painting facilities and the official Store follow. Showroom Tour: a 40-minute Showroom tour comprehensive of heritage and model range presentation is available. For more information: factorytour@maserati.com.

Factory Delivery

After a welcome coffee and drinks in the Showroom, you can visit the historical Maserati Plant, accompanied by a specialist guide and a photographer. Now, it's time for your new Maserati unveiling! Before we bid you farewell, the final pictures are taken. The commemorative digital photo-album is forwarded to the customer. All models can be delivered at Modena Plant. Request the factory delivery to your official Maserati dealer.

Maserati Collection

The Maserati Collection of exclusive leisurewear and branded merchandise has been specially created for those with a passion for all things Maserati. Maserati Collection items are available from all Maserati dealers and the Maserati Store at the Modena showroom in Modena. Alternatively, they can be purchased online at maseratistore.com and delivered directly to your home.

Maserati Club

There are currently more than 30 Maserati Clubs in the world, counting more than 3.000 members. Joining the exclusive Maserati Club means sharing insights, experiences and all the

excitement with other Maserati owners – and being invited to take part in special motoring events. Drivers of cars from every era can enjoy the pleasure of driving their Maserati models in a calendar of national & international events created especially by the Maserati Clubs for their Club members, such as the Global Gathering or the Maserati International Rally. Visit the dedicated section in maserati.com to get the contacts of your local Maserati Club.

Maserati Genuine Accessories

Specially conceived to satisfy our customers' needs, the Maserati Genuine Accessories are a perfect combination of design, functionality, comfort and performance. Built to the highest standards of Maserati craftsmanship, the Quattroporte accessories range has been developed to guarantee great practicality together with the chance to add your personal and unique touch. Get ready to discover all your customization options in the dedicated brochure, on the official website maserati.com, or through the Official Maserati Network.

Customer Programs

Driving a Maserati is an experience of a lifetime, regardless if you are handling a weekday commute or embarking on a memorable journey. This is why Maserati has created dedicated Customer Programs to assure you miles after miles the utmost care and excellent performance of your Quattroporte. Give yourself extra peace of mind with our programs. Discover more on the official website maserati.com, or through the Official Maserati Network.

Archivio Storico

Created for enthusiasts and owners of vintage Maserati cars, 'Archivio Storico' is an organisation dedicated to those who wish to engage with the marque's glorious past. 'Archivio Storico' can provide Maserati Customers a service of Historical Documentation pertaining to their vehicles. Specifically there are various types of certified historical documents available, carefully and precisely researched within the Maserati Historical Archive. For more information about the Historical Documentation service, email archivio.storico@maserati.com.

Maserati Classiche

At the beginning of a new era, Maserati pays tribute to its past by creating a new programme around its most precious resource: Our History. Maserati Classiche it's a new department specifically designed for Maserati's Classic cars owners. Maserati Classiche provides for our customers several dedicated services concerning the Certification of Authenticity, components for Classic cars and the support for restoration. For additional information related to Maserati Classiche Programme, please contact Us by email maserati.classiche@maserati.com.
